The Santa Clara Unified School District (District) seeks responses from qualified architectural and engineering firms to a Districtwide RFQ for ongoing architectural and engineering related services to provide guidance on potential projects, master plans, design, obtain DSA approval, aide the District in bidding and construction oversight, CDE, OPSC, DTSC, and close out projects with DSA. The RFQ covers all future projects for the District including Master Planning, Bond Measures, Grants, Maintenance Projects, Modernization, and all other planning, design and construction projects.

Responses are due no later than 4:00 PM, Thursday, March 12, 2020.

The RFQ documents may be obtained from the District’s contact person for the RFQ as follows:

Melissa Kersh  
Project Manager, Facility Development and Planning (FDP)  
Santa Clara Unified School District  
1889 Lawrence Road  
Santa Clara, CA 95051

OR download on the  
FDP Website:  
https://www.santaclarausd.org/Domain/95

Questions or correspondence regarding this RFQ shall only be addressed to the District’s contact person identified above. Answers to RFQ questions and any Addenda will be emailed and posted on the website above.

The District expressly reserves the right to modify any portion of this RFQ prior to the latest date/time for submission of RFQ Responses, including without limitation, the cancellation of this RFQ. Modifications, if any, made by the District to the RFQ will be in writing; potential Respondents who have obtained this RFQ from the District prior to any such modifications will be issued modifications to the RFQ by written addenda.

The District reserves the right to reject all RFQ Responses or to waive any immaterial irregularities or informalities in any RFQ Response. A RFQ Response which does not conform to requirements set forth herein is subject to rejection by the District for non-responsiveness.
