ATTACHMENT B
RESPONDENT COST PROPOSAL

Respondent: ____________________________________________________________

The above-identified Respondent submits the following Proposal for completing Transportation Engineering and related planning professional services for Project (“Project”).

1. Proposed Price.

1.1. Pricing Methodology. For completion of the Basic Services of Master Planning and other obligations of the Transportation Engineer under the Transportation Engineering Contract and PAA, the Respondent proposes the following pricing methodology (state what method was used to calculate the fee amounts, also note any cost savings if more than one site is awarded):

                                                                                      
                                                                                      
                                                                                      
1.2. Transportation Engineer Contract Price.

   All Four Sites Fee Proposal (If Awarded Together).

   The Respondent proposes the following Transportation Engineering Contract Price for completing the Transportation Engineering Contract Basic Services for completion of the Master Plans at all four sites, Bracher, Briarwood, Scott Lane, and Westwood Elementary Schools according to Section 2. of the RFP:

   Total $____________________

   Bracher Elementary Fee Proposal (If Awarded Individually).

   The Respondent proposes the following Transportation Engineering Contract Price for completing the Transportation Engineering Contract Basic Services for completion of the Master Plan at Bracher Elementary School according to Section 2. of the RFP:

   Total $____________________
Briarwood Elementary Fee Proposal (If Awarded Individually).

The Respondent proposes the following Transportation Engineering Contract Price for completing the Transportation Engineer Contract Basic Services for completion of the Master Plan at Briarwood Elementary School according to Section 2. of the RFP:

Total $  

Scott Lane Elementary Fee Proposal (If Awarded Individually).

The Respondent proposes the following Transportation Engineering Contract Price for completing the Transportation Engineering Contract Basic Services for completion of the Master Plan at Scott Lane Elementary School according to Section 2. of the RFP:

Total $  

Westwood Elementary Fee Proposal (If Awarded Individually).

The Respondent proposes the following Transportation Engineering Contract Price for completing the Transportation Engineering Contract Basic Services for completion of the Master Plan at Westwood Elementary School according to Section of the RFP:

Total $  

2. **Project Team.** List proposed Consultants (Sub-consultants) and the primary project personnel to be listed in Paragraphs 1.5 and 1.6 of the Project Assignment Agreement (Attachment B), and create a separate list for anticipated Consultants for the design of the new elementary campus (use separate sheet if necessary):

2.1. Consultant(s)
   2.1.1. Firm
   2.1.2. Principal In Charge
   2.1.3. Project Director/Manager

3. **Additional Services.** Set forth below (or on an attached sheet) the proposed hourly billing rates for Additional Services if the District authorizes any Additional Services.
