The mission of Santa Clara Unified School District is to prepare students of all ages and abilities to succeed in an ever-changing world.

Information in this Handbook represents the rights and responsibilities for students and parents. It has been prepared and distributed as required by Education Code Section 35291.5. A copy is provided to all students and their parents in the Santa Clara Unified School District.

Please review this document with your student. Your receipt of this document is required by law. To meet this requirement, please sign and date the Acknowledgement (Section A) and Sections B and C, which are the Use of Technology and media release forms located on page 2.
Hopes and anticipations run high as throughout our nation students will be returning to school to tackle learning in the new school year. It would be impossible to manage California’s more than six million public school student population without a set of rules, regulations and mandates. The laws and legislative mandates are often confusing, equally often misunderstood and sometimes contradictory. Yet, we are committed to their enforcement, as are you to their compliance.

Your receipt of this document is required by law, and to meet this requirement, please sign and date the:
• Acknowledgement (A)
• Agreement for Student Use of Technology (B), and
• Media Release Form (C)

Thank you, and if you have any question or concerns about the information in the packet, please contact your principal or the Superintendent’s office.

Please return this completed acknowledgement page to your Child(ren)’s school(s) by August 29, 2019

TO: Parents, Guardians and Students  
FROM: Stella M. Kemp, Ed.D., Superintendent  
RE: School Safety  

California Education Code states that students have a right to be in a public school environment free from discrimination, harassment, bullying, violence and intimidation, and that schools are not required to collect proof of immigration status, place of birth, or social security numbers when admitting students. (Education Code Sections 220, 234, et seq., 48204.1). Santa Clara Unified School District takes this responsibility very seriously, particularly at a time when many students and families are living in fear. We wish to engage with families and accept all parents and guardians as partners in providing the best education for all our students while creating and supporting a safe environment where true learning can take place.

Enhanced programs in positive behavior, counseling, health and wellness, foster and homeless student supports, harassment, bullying and cyberbullying prevention, learning interventions for all, including those at risk and those needing additional challenges, physical education, music, and technology programs make Santa Clara Unified wonderful place to go to school. It is a place where our very special—and unique in the nation—diversity is celebrated.

Please read the sections of this notification handbook dealing with directory information carefully to better understand students’ rights to privacy.

Another component of safety is the District’s coordination with local enforcement agencies in cases of immediate threat to life, health and safety.

The District will continue to work for a safe and caring environment while delivering a quality education that leads all students to graduation with options to pursue college or career. On this journey, we will continue to provide them with the tools they need to become informed citizens. This notice of rights and responsibilities serves to inform parents and students of their rights and responsibilities, and District supports and limitations. Let us all work together for the good of all our students.
activities away from school. Students will be recommended for expulsion for any of the following acts of misconduct:

- Possessing, selling, or otherwise furnishing a firearm
- Possession/brandishing of any knife; possession of an explosive, or other dangerous object of no reasonable use to the student.
- Unlawful possession, sale or distribution of any controlled substance
- Causing serious physical injury to another person; robbery or extortion
- Assault or battery upon any school employee

### Prohibited Items

Under no circumstances are students to bring weapons, explosives, alcohol, drugs or tobacco products, vapor pens or e-cigarettes onto campus.

These items will be confiscated; further, the possession of any prohibited item will result in disciplinary and/or legal actions. Students are also reminded not to bring pets, scooters, skateboards, or in-line skates to school. All of the above items are dangerous and/or disruptive in the school setting. They may be confiscated and taken to the office.

### PARENT AND GUARDIAN RIGHTS AND RESPONSIBILITIES

Santa Clara Unified School District recognizes the important role parents and guardians play in the life of a child. The District goal is to work with parents and guardians to provide the best learning opportunities for students. The California Education Code (Section 48980) requires a school district to notify parents and guardians, yearly, of the rights and responsibilities. Which can be found under E 5145.6 Parental Notifications.

### Family Involvement

In a democracy, parents and guardians are encouraged and welcomed to become involved in the formal education of their children enrolled in public schools. This early and consistent parental involvement helps children to do well academically. When this involvement is combined with a partnership between home and school, the student, the school and the community benefit.

Parents and guardians of enrolled students have the right to be included in the educational process and to have access to the system on behalf of their children. These rights are outlined in Chapter 864, Statutes of 1998 and Education Code Section 51101 as follows:

#### Classroom Observing
Parents have the right to visit their child’s classroom to observe activities. The time and date of the visitation must be arranged in advance with the school.

#### Teacher Conferencing
Parents have the right to request a conference with their child’s teacher(s) or the principal. Parents should contact the school to schedule a date and time convenient to all participants.

#### Volunteering
Parents have the right to volunteer their time and resources for the improvement of school facilities and programs. Parents should contact the school to determine the terms and conditions of this service.

#### Student Attendance
Parents have the right to be notified in a timely manner if their child is absent from school without permission.

#### Student Testing
Parents have the right to be notified of their child’s performance on standardized and statewide tests and the school’s ranking on these tests. (Under other state law, parents may request that their child not participate in the statewide tests.)

#### School Selection
Parents have the right to request that their child be enrolled in any school in the district. The district is not compelled to grant the request.

#### Safe School Environment
Parents have the right and are entitled to the assurance of a safe and supportive learning environment for their child.

#### Curriculum Materials
Parents have the right to examine the curriculum materials of the class or classes in which their child is enrolled.

#### Student Academic Progress
Parents have the right to be informed of their child’s academic progress in school and of the persons to contact if they wish more information or assistance with their child.

#### Student Records
Parents have the right to access their child’s records and to question anything they feel is inaccurate or misleading or an invasion of privacy.
Parents have the right to a timely response from the school district about their questions.

**Standards:** Parents have the right to receive information regarding the academic standards their child is expected to meet.

**Councils and Committees:** Parents have the right to participate as a member of a parent advisory committee, school-site council, or site-based management leadership team in accordance with established rules and regulations for membership.

Parents also have the right to attend at least two meetings per year scheduled by the school to get information on school issues and activities.

**Parent Involvement:** Parents and guardians have the right and should be given the opportunity to work in a mutually supportive and respectful partnership with the school to help their child succeed. The governing board of each school district shall adopt a jointly created policy that outlines how parents and guardians, school staff and students may share the responsibility for the intellectual, physical, emotional, social development and well-being of their students.

This policy shall include, but is not limited to:

1. How parents/guardians and the school will help students to achieve academic and other standards.
2. How the school will provide high-quality curriculum and instruction in a supportive learning environment to all students enrolled.
3. What parents and guardians can do to support their child’s learning environment, including but not limited to:
   - Monitoring school attendance
   - Monitoring homework completion
   - Encouraging participation in extracurricular activities
   - Monitoring/regulating television viewing
   - Planning and participating in activities at home supportive of classroom activities
   - Volunteering at school
   - Participating in decision-making processes at school

**Education Code Section 51101(C) states:** “This section may not be construed so as to authorize a school to inform a parent or guardian...or to permit participation by a parent or guardian in the education of a child, if it conflicts with a valid restraining order, protective order or order for custody or visitation issued by a court of competent jurisdiction.” (Chapter 864, Statutes of 1998).

**College Preparatory Requirements:** In addition to the rights described in Education Code Sections 51100-51102, students and parents and guardians have the right to be informed of college entrance requirements. It is critically important to know how to assist those students who choose to pursue a college education. Students, parents and guardians need to know the series of college preparatory classes to take in high school. The minimum requirements vary, depending on the selected college or university.

- **Parents can help prevent violence in schools**

We are committed to keeping our schools safe and getting help for students who show signs of becoming violent. To do this, we need your cooperation. Here are some suggestions from the National Parent Teacher Association (PTA), experts in school violence, and other parents. Please read the list of suggestions carefully and contact your school’s principal if you have questions.

1. **Talk to Your Children**

Keeping the lines of communication open with your children and teens is an important step to keeping involved in their schoolwork, friends, and activities. Ask open-ended questions and use phrases such as “tell me more” and “what do you think?” Phrases like these show your children that you are listening and that you want to hear more about their opinions, ideas, and how they view the world. Start important discussions with your children—about violence, smoking, drugs, sex, drinking, death—even if the topics are difficult or embarrassing. Help your child understand the importance of accepting individual and cultural differences. Talk to your child about violence he or she sees on television and videogames. Help your child understand the consequences of violence. Don’t wait for your children or teens to come to you.

2. **Set Clear Rules and Limits for Your Children**

Children need clearly defined rules and limits set for them so that they know what is expected of them and the consequences for not complying. When setting family rules and limits, be sure children understand the
purpose behind the rules and be consistent in enforcing them. This lets your child know that you are keeping them safe and that you care about them.

Discipline is more effective if children have been involved in establishing the rules and, oftentimes, in deciding the consequences. Remember to be fair and flexible—as your children grow older, they become ready for expanded rights and changes in rules and limits. Show your children through your actions how to adhere to rules and regulations, be responsible, have empathy toward others, control anger, and manage stress.

3. **Monitor Use of Media and Devices**

Children need help navigating use of the internet, video games, and social media. The American Academy of Pediatrics recommends for children ages 6 and older, to place consistent limits on the time spent using media, and the types of media, while making sure media does not take the place of adequate sleep, physical activity and other behaviors essential to health. Designate media-free times together, such as dinner time. Create media-free zones in your home, such as bedrooms. Have ongoing communication about online citizenship and safety, including treating other with respect online and offline.

4. **Know the Warning Signs**

Knowing what’s typical behavior for your son or daughter can help you recognize even small changes in behavior and give you an early warning that something is troubling your child. Sudden changes—from subtle to dramatic—should alert parents to potential problems. These could include withdrawal from friends, decline in grades, abruptly quitting sports or clubs the child had previously enjoyed, sleep disruptions, eating problems, evasiveness, lying, and chronic physical complaints (stomachache or headaches), addiction to video games and media, fascination with weapons, threats of violence, use of drugs and alcohol, risk taking behaviors, appearing SAD (sullen, angry, depressed), experiences of rejection and humiliation.

5. **Don’t Be Afraid to Parent; Know When to Intervene**

Parents need to step in and intervene when children exhibit behavior or attitudes that could potentially harm them or others. If you are concerned about your child, you don’t have to deal with problems alone—the most effective interventions have parent, school, and health professionals working together to provide ongoing monitoring and support. Reach out to your school administrator or guidance counselor if you need help.

6. **Stay Involved in Your Child’s School**

Show your children you believe education is important and that you want your children to do their best in school by being involved in their education. Get to know your child’s teachers and help them get to know you and your child. Communicate with your child’s teachers throughout the school year, not just when problems arise. Stay informed of school events, class projects, and homework assignments. Attend all parent orientation activities and parent-teacher conferences. Volunteer to assist with school functions and join your local PTA. Help your children seek a balance between schoolwork and outside activities. Parents also need to support school rules and goals.

7. **Join Your PTA or a Violence Prevention Coalition**

According to the National Crime Prevention Council, the crime rate can decrease by as much as 30 percent when a violence prevention initiative is a community-wide effort. All parents, students, school staff, and members of the community need to be a part of creating safe school environments for our children. Many PTAs and other school-based groups are working to identify the problems and causes of school violence and possible solutions for violence prevention.

8. **Help to Organize a Community Violence Prevention Forum**

Parents, school officials, and community members working together can be the most effective way to prevent violence in our schools.

9. **Help Develop a School Violence Prevention and Response Plan**

School communities that have violence prevention plans and crisis management teams in place are more prepared to identify and avert potential problems and to know what to do when a crisis happens. The most effective violence prevention and response plans are developed in cooperation with school and health officials, parents, and community members. These plans include descriptions of school safety policies,
10. Work to Influence Lawmakers

Writing an editorial for the local newspaper, holding a petition drive, speaking before a school board meeting, or sending a letter to your legislator can be effective ways to voice your opinion and gain support from decision makers for violence prevention programs in your community. Working with other concerned parents, teachers, and community members, you can influence local, state and even federal decisions that affect the education, safety, and well-being of our children.

ATTENDANCE

Regular attendance plays an important role in student achievement.

Compulsory Education Law

Each person between the ages of 6 and 18 years (not exempted under the provisions of Chapter 3 of the Ed. Code, commencing with Section 48400) is subject to compulsory full-time education. Each person subject to compulsory full-time education and each person subject to compulsory continuation education shall attend the public full-time day school or continuation school or classes for the full time designated as the length of the school day by the governing board of the school district in which the residency of either the parent or legal guardian is located and each parent, guardian, or other person having control or charge of such pupil shall send the pupil to the public full-time day school or continuation school or classes for the full time designated as the length of the school day by the governing board of the school district in which the residence of either parent or legal guardian is located.

Unless otherwise provided for in this code, a pupil shall not be enrolled for less than the minimum school-day established by law. [EC 48200, 48400; ne]

School Calendar

Please review the school calendar on the back page of this handbook and plan activities and vacations during days off.

Minimum Days/Pupil Free Staff Development Days

District-wide minimum days and Staff Development Days are indicated on the calendar on the back cover of this handbook. Each school will notify families of additional school specific minimum days at the beginning of the school year. [EC 48980; ne]

District Attendance Regulations

The Board of Trustees supports regular attendance to enable students to fully benefit from school programs. Each school site will monitor student attendance, make parent/student contact as appropriate, ensure the student’s active participation in the educational program and make program adjustments as necessary to meet the student’s unique needs.

When a student is absent, it is the responsibility of the parent to inform the school by note or telephone as to the reason why. The regular and punctual school attendance of students is expected, encouraged, and as necessary, enforced. School attendance is an area of mutual cooperation between the school, the parents and the student.

Despite this change regarding excused absences, the District will continue to distinguish between excused and unexcused absences for purposes of maintaining student safety and identifying truancy. The reasons for excused and unexcused absences are noted below.

Students attending a school through Open Enrollment will be disenrolled after ten (10) days of unexcused absences. Students disenrolled for the above reasons may be readmitted on a space available basis. [AR 5116.11]

Additionally students may be subject to displacement due to a failure to maintain satisfactory attendance, conduct or academic achievement.

Students whose attendance is excused shall be given full credit for assignments or tests that are satisfactorily completed within a reasonable period of time. [BP 5113]

Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences result in a recorded truancy.

A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:
1. Due to the pupil’s illness.

2. Due to quarantine under the direction of a county or city health officer.

3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.

4. For the purpose of attending the funeral services of a member of the pupil’s immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.

5. For the purpose of jury duty in the manner provided for by law.

6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a note from a doctor.

7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil’s religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil’s absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.

8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.

9. For the purpose of spending time with a member of the pupil’s immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.

10. For the purpose of attending the pupil’s naturalization ceremony to become a United States citizen.

11. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

C. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

E. “Immediate family,” as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48205.5, 48260]

Districts may allow students, with parental or guardian consent to be excused to participate in moral or religious exercises or instruction. [EC 46014; ne]

### Tardies

Unless approved in advance, the failure of a student to be in the assigned classroom when the tardy bell has rung constitutes an unexcused tardy. When a student is tardy in excess of 30 minutes on three or more days in a school year, the student is considered a legal truant.

SCUSD is committed to prevention and early intervention in school attendance and behavior problems. All local school sites will have a process in place to monitor attendance and identify students at-risk for poor attendance and possible school failure. The school has the responsibility to assess and to plan intervention strategies, including the utilization of the school’s Student Study Team (SST). When these school level strategies to improve a student’s attendance have been unsuccessful, the student may be referred to the district School Attendance Review Board (SARB).

### Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, habitual truant, and chronic truant.

**Truant**: A student is truant after missing three days school or three 30-minute periods without a valid excuse.
Habitual Truant: If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

Chronic Truant: A chronically truant student has missed 10 percent or more school days in a school year.

Interventions: Students who are habitually truant, miss a lot of school or are disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs, the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out.

Student Penalties: First truancy may result in a one-day weekend class. Second truancy may be a written warning from a peace officer that remains in the student’s records. Third truancy may result in assignment to an after-school or weekend program, a SARB, a probation officer, or district attorney program. A fourth truancy may result in a chance to improve attendance, but may also result in the student being placed within the jurisdiction of, and as a ward of the juvenile court. Other actions may include required community service, payment of a fine, attend a truancy mediation program, and loss of driving privileges. A finding of truancy may be handled through available community services.

Parent Penalties: In Education Code; first conviction – up to $100 fine; second conviction – up to $200 fine; third – up to $500 fine. In Penal Code; parents of elementary students who are chronic truants face a fine up to $2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred for help. It is recommended that the parent or guardian attend classes at school with the student for one day. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1, 830.1; WIC 256, 258, 601, 601.3; VC 13202.7]

Purpose of SARB
1. To identify and provide coordinated district and community services to assist parent(s) and student when the student is a truant or has school behavior problems.
2. To ensure that appropriate District and community resources have been used prior to referral to the judicial system.
3. To consider the following options if District and community resources are unable to correct school attendance or behavior problems:
   a. Propose the use of alternatives to the juvenile court system.
   b. Refer the student and parents to the Santa Clara County District Attorney’s Office.

Enrollment / Admission
The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students.

Attendance Options
The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Students convicted of a violent felony or convicted of a misdemeanor firearms offense may be transferred to another school in the district. Victims of bullying or violence are given preference in inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48206.3, 48300, 48301, 48306, 48929, 48980, 49068, 51101; 20 USC 7912; ne]

School Attendance Review Board (SARB)
Students who fall under the truancy law shall be reviewed according to law and the rules and regulations established by local board policy. This review process may include a referral to the district SARB, a panel of district and community representatives.

Interdistrict Attendance
The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons,
desire to enroll their children in a school in another district. Because of overcrowding within district schools and limited district resources, the Board discourages transfers into the district and will consider approving such transfers only on a case-by-case basis through an interdistrict attendance agreement as set forth in accompanying administrative regulations.

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student’s permit.

Upon receiving a permit for transfer into the district that has been approved by the student’s district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Pursuant to Education Code section 35161, the Governing Board delegates to the Superintendent the duty to hear final appeals on behalf of the district

Transportation

The district shall not provide transportation beyond any school attendance area. [BP 5117; EC 41020, 46600-46611, 48204, -48300, 48350-48361, 48900, 48915, 48915.1, 48918, 48980, 52317; CA Constitution, Article 1, Section 31]

SCUSD Alternative Schools

The district is authorized to provide alternative schools. The district provides alternative schools at Millikin Basics+ and Washington Open Schools (K-5), Santa Clara Community Day School, New Valley/Gateway Continuation High School, Mission Early College High School, and Wilson Alternative high School. Inquiries should be directed to your school principal. [EC 58500]

Washington Open and Millikin Basics+ are two alternative elementary schools to which all students seeking enrollment must apply through the Open Enrollment process. Due to the large number of first choice applications for each of these schools, they cannot be listed as a second choice at any grade level. Enrollment is secured through a random lottery process with priority placement being given to students with siblings currently in attendance at the school.

Peterson Middle School also has a 6th grade program, Peterson+ that serves as a one year transition from a Basics approach to the eventual heterogeneous format found in Santa Clara Unified’s other middle and high schools. For the 2020-2021 school year, 132 students will be assigned to the four Peterson+ classes through a fair and random lottery process. Equal opportunity for enrollment will be provided to students residing outside the Peterson attendance area (through the Open Enrollment Application) as well as to students residing within Peterson’s attendance area (through the completion of an application at the time of registration for 6th grade). Students applying through the Open Enrollment process as well as Peterson attendance area students applying through the registration process at Peterson Middle School must apply between January 8 to February 5, 2020.

Intradistrict Open Enrollment

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. The Board shall annually review this policy.

Enrollment Priorities

No student currently residing within a school’s attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee shall grant priority to any district student to attend another district school, including a charter school, outside of his/her attendance area as follows:
1. Any student enrolled in a district school that has been identified on the state’s Open Enrollment Act list

2. Any student enrolled in a district school designated by the California Department of Education as “persistently dangerous”

3. Any student who is a victim of a violent crime while on school grounds (20 USC 7912)

4. Upon a finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area. Special circumstances include, but are not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either:
   a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official, social worker, or a properly licensed or registered professional such as a psychiatrist, psychologist, or marriage and family therapist
   b. A court order, including a temporary restraining order and injunction

5. Any sibling of a student already in attendance in that school

6. Any student whose parent/guardian are employees defined as those individuals belonging to an employee bargaining unit with the district, person holding management positions, and hourly employee who works at least fifty percent of each week, will be assigned to a school site within the district boundaries.

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between the first week of January through the first week of February of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school’s capacity in a nonarbitrary manner using student enrollment and available space.

Open Enrollment for the 2020-21 school year will take place from January 8, 2020 to February 5, 2020 for all grades (incoming Kindergarten through Grade 12)

Except for priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school’s capacity.

Enrollment decisions shall not be based on a student’s academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students.

Transportation

Except as required for students who transferred out of a Title I program improvement school, the district shall not be obligated to provide transportation for students who attend school outside their attendance area. [BP 5116.1; EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48350-48361, 48980; 5 CCR 11992-11994; 20 USC 6311, 7912]

Applying for Open Enrollment

The Open Enrollment program for the 2020-21 school year will be conducted from January 8 to February 5, 2020. Parents of students wishing to attend a school other than their school of residence must:

- first provide proof of residency to their school of residence,
- receive a permanent student number and then
- complete the Open Enrollment application on the District website at www.santaclarausd.org.

Parents of students on an Intradistrict Transfer must first provide proof of residency to their school of attendance, receive a permanent student number and then complete the Open Enrollment application on the District website at www.santaclarausd.org

Kindergarten Enrollment

Kindergarten Enrollment for the 2020-2021 school year will also begin on January 8, 2020. Parents are encouraged to complete registration for kindergarten students wishing to attend their school of residence by February 5, 2020 as Kindergarten admission to the school of residence will be determined in the order in which applications are received.

If your child lives in the home of a caregiving adult, as defined by law, or a foster home, your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver’s home. [EC 48204(a), 48980; FC 6550-6552]

Individualized Instruction

You must notify the school if your child has a temporary disability and cannot attend regular classrooms. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and where the child is located. This is for the security of the campus and to protect your student’s health, safety, and welfare. Please cooperate by not requesting permission for your student to leave campus during the school day. [BP 5112.5; EC 44808.5]

Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

Food allergies can be accommodated by filling out a medical Statement form. Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance For Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its Web site at www.irs.gov.

You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its Web site at www.ftb.ca.gov.

**English Learner Programs**

**Initial Identification:**

Upon their first enrollment in a California public school, for all students in transitional kindergarten through grade twelve who speak a language other than English, the school district uses a standardized procedure to determine a student’s primary language. This procedure begins with a home language survey (HLS), which is completed by the parents or guardians at the time the student is first enrolled.

Once the home language determination is made, it does not need to be re-determined unless the results are disputed by a parent or guardian. If the HLS is completed in error, the parent or guardian may make a request to change it once through a meeting with the principal following the established procedure.

**Assessment:**

State law (EC 313, 60810) and federal law (ESEA Titles I and III) require that local educational agencies (LEAs or School Districts) administer a state test or English Language Proficiency and develop English Learner Progress for: (1) newly enrolled students whose primary language is not English as an initial assessment, and (2) students who are English Learners, as an annual assessment.

Initial assessment of new English learners arriving in the district and new Transitional Kinder and Kinder students is done through the English Language Proficiency Assessment for California (ELPAC) within 30 calendar days of enrollment to determine English proficiency and English Learner (EL) classification for the students mentioned above. The school notifies parents of the initial results and confirms program placement.
The ELPAC is also administered to all non-reclassified English Learner students. It is the required annual assessment to determine progress of students who have been in the District/US for more than 1 year. Secondary English Learners are assigned to English Language Development (ELD) classes that correspond to their levels according to the ELPAC levels.

**English Learner Designation:**

After a student is assessed on the initial ELPAC and identified as an English Learner (EL), changing the HLS (Home Language Survey) will not automatically change the student’s designation. A student’s EL status will change only when the district’s reclassification criteria are met. The State Board of Education (SBE) approved the following guidelines for interpreting the survey, if a language other than English is indicated on:

- Any of the first three questions, the student should be tested with the initial ELPAC.
- The fourth question, the student may be tested at the LEA’s discretion.

Parents cannot “opt out” of the Initial or Annual ELPAC test for their EL identified student because this English proficiency assessment is both a federal. [ESEA; EC 313]

**Instructional Program Placement:**

All Master Plan instructional programs are designed to ensure that ELs acquire full English proficiency and meet grade-level content standards as rapidly as possible. English Language Development instruction is provided to all EL students according to their ELPAC test level in different instructional settings depending on their grade level.

**Reclassification to Full English Proficiency:**

Reclassification is the process of re-designating an English Learner student as Full English Proficient based on the following criteria: 1. Assessment of English Language proficiency, using an objective assessment instrument, including but not limited to, the state ELPAC (minimum of level 4 overall) 2. Teacher evaluation 3. Parent opinion and consultation and 4. Performance on an objective assessment of basic skills in English Language arts (scoring at proficient or advance levels).

Note: The Individualized Education Program (IEP) team determines placement of each student receiving Special Education services regardless of language proficiency.

**Special Education Services**

The District will actively locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. [EC 56300; 34 CFR 300.111]

SCUSD provides equal educational opportunities to all individuals with exceptional needs. If facilities or services are not available or cannot be reasonably provided within the Santa Clara Unified School District, the district may arrange for another district, school, or the County schools to provide a free and appropriate public education (FAPE).

If a student is eligible for special education services, a signed acknowledgment that the parent has been advised of rights is required in addition to parent authorization for placement. [EC 56321]

**Special Education Process**

The Special Education process starts when a child is referred for assessment; the child’s parents have a right to initiate this referral. If you give permission for this assessment and your child qualifies for special education services, an Individual Education Program (IEP) will be developed. An IEP is a jointly developed educational plan that describes your child’s abilities, sets goals and objectives and states the education services that will be provided to meet those goals and objectives. If your child does not qualify for special education, they may still qualify for appropriate accommodations under the Rehabilitation Act of 1973 (Section 504) or the Americans with Disabilities Act (ADA).

The following six steps describe the special education, referral assessment, identification process:

1. **Referral:** Referral of a student for assessment may be initiated as a result of the school’s comprehensive screening program, Student Study Team or may be submitted directly by the child’s parent or persons aware of a student who may have exceptional needs. Parents have the right to initiate a request for educational assessment (referral) and give or withhold written consent for any proposed assessment activities. Parents should expect a response to their written request within 15 calendar days* of parents’ written notice. (Not counting school breaks of more than 5 days)

2. **Assessment:** Arrangements will be made to have your child’s strengths and possible needs evaluated. This will...
be done through testing, observations and conferences held among appropriate professionals involved in your child’s education. An IEP must be completed within 60 calendar days* from day of receipt of signed consent for assessment. The Assessment Plan is a description of the testing process and is accompanied by a prior written notice explaining why the district is assessing.

3. **Individualized Education Program (IEP):** If you and other members of the IEP team agree that your child has a need and is eligible for special education, an Individualized Education Program will be designed for your child’s needs. This will take place at a meeting attended by you and school personnel (the IEP team) and may include others at the request of the parents or school district. The IEP team will determine appropriate services and placement to meet your child’s needs. This could be in a general classroom full-time, a general classroom with special education, part-time, or full-time special education placement. Parents have the right to give written consent for the initial special education placement and Individualized Education Program or revoke consent at any time.

4. **Implementation of the Program as Stated in the IEP:** The district is required by law to provide the services as stated in the IEP.

5. **IEP Review:** Your child’s program is reviewed at least once a year to update progress and goals and to determine services needed for your child to receive educational benefits. Parents have the right to request a meeting of the IEP team at any time.

6. **IEP Three Year:** A comprehensive re-evaluation (triennial) will be conducted after your child has been in the program for three years to determine if he or she continues to meet eligibility and if so to develop a new IEP to meet his/her needs.

**Community Advisory Committee SELPA**

The Community Advisory Committee (CAC) acts as an advisory to the Santa Clara Unified School District Board of Trustees. Parents comprise a majority of the membership of the CAC and of these members, the majority must be parents of Special education children. Special Education teachers, general classroom teachers, other school personnel, students with disabilities, representatives of related public and private agencies and other persons concerned with the disabled individual may also be represented.

The CAC meets a minimum of four times a year. We encourage you to become involved. The success of your CAC is dependent on the conscientious efforts of each member on behalf of all children with special needs. All meetings are open to anyone interested. We encourage your participation.

Please contact SCUSD at (408) 423-2087 for more information regarding the CAC and dates, times and location of meetings. The calendar of the CAC meetings can also be viewed at the district website, [www.santaclarausd.org](http://www.santaclarausd.org). The school sites will have notification of the CAC meetings and agendas at least three days prior to each meeting.

**People Who Can Assist Parents of Special Ed Students**

Your child’s teacher/case manager or other support staff members are the people to check with on such matters as your child’s progress, the curriculum, advice on improving study habits, progress toward goals and suggested outside reading or study. Arrange a conference by calling your local school or just send a note with your child.

Your principal is the educational and policy leader of your school. Check with the principal on materials of school-wide operation or policy, to seek information, to make suggestions, to find out about how to participate in school, or to resolve a problem.

Your Santa Clara Unified School District Special Education Department can be reached at (408) 423-2087 and can answer any questions regarding eligibility for special education and how to start the assessment process.

Your Community Advisory Committee (CAC) is comprised of parents of children with special needs, teachers, administrators and other community members to offer guidance and information to families.

- If you need to cross the street that the bus is stopped on, you **MUST** cross in front of the bus, with the driver.
- Adults should arrive at the bus stop at least five (5) minutes before the scheduled drop off time. They should be standing in an area off the main roadway at least 12 feet away from where the bus will stop. Stand back from the curb.
- Kindergarten students must be received at designated stop by an adult. Students not received will be returned to school. Older students uncomfortable disembarking from the bus without being received by an adult, may request the driver to return them to school.
- Students returned to school more than three (3) times, may have their bus privilege suspended or revoked.

Consequences

- Refusing to obey the driver, fighting, and refusing to properly identify yourself to the driver could result in an automatic loss of bus privileges. In essence, there will be no warning for this type of behavior.
- Other behaviors may result in a verbal warning, written citation, assigned seat or suspension from the bus.

No student shall be required to pay any fees, deposits, or other charges for his/her participation in an educational activity which constitutes an integral fundamental part of the district’s educational program, including curricular and extracurricular activities.

As necessary, the Board may approve fees, deposits, and other charges which are specifically authorized by law. For such authorized fees, deposits, and charges, the district shall consider students’ and parents or guardians’ ability to pay when establishing fee schedules and granting waivers or exceptions.

These include, but are not limited to, transportation, events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. For such authorized fees, deposits, and charges, the district shall consider students’ and parents or guardians’ ability to pay when establishing fee schedules and granting waivers or exceptions. Whenever a student or parent/guardian believes that an impermissible fee, deposit, or other charge is being required of the student for his/her participation in an educational activity, the student or his/her parent/guardian may file a complaint with the principal or designee using the district’s procedures in BP/AR 1312.3 – Uniform Complaint Procedures. [EC 49013; ne]

At the beginning of each school year, the principal or designee will notify parents/guardians of the availability of funds for this purpose and shall provide information on how income-eligible students may apply for funding. [EC 48980, 52240; ne]

HEALTH SERVICES

Student Wellness is of Concern to us All

The District’s Student Wellness Policy (BP 5030) addresses three areas: Physical Activity, Wellness Education, and Nutrition. The Physical Activity goal addresses the amount of Physical Education a student receives while in our district. The Wellness Education goal deals with what, when, and where a student learns about staying healthy for the rest of his or her life. And the Nutrition goal outlines standards for what food is sold, served or distributed on campus.

This policy aimed at improving the health, attendance rate and academic performance of our students was adopted and implemented in response to Federal government requirements, state laws and the obesity epidemic affecting children. We would like to ask for your cooperation in helping our students become and stay healthy.

Food and beverages that are commonly considered unhealthy will not be permitted to be sold or served on campus during school hours.

- The easiest way to think about this is no candy, cookies, cupcakes or carbonated beverages.

As we’ve implemented this policy, we continue to discover healthy food options and other fund raising ideas. This applies to the cafeteria, student stores, vending machines and fund raisers.

There are a few exceptions however:

- After school fund raisers are encouraged to offer 50% healthy food choices;
- School sponsored events (dances, etc.) are encouraged to offer 50% healthy choices for free food served;
- Curriculum activities, including multicultural food fairs, are encouraged to prepare and offer healthy food choices; and,
- Vending machines have a 24 hour, 7 day ban on unhealthy food and carbonated beverages.

In keeping with the Board Policy, when student’s share special events, such as birthdays, with the entire class we encourage parents to bring:

- Non-food items, such as pencils, unique erasers, or arrange for music or storytelling.
- If food items are brought to class, we encourage that they all be healthy food items.

Multicultural food fairs are a big part of campus life and a part of learning about how others live. However, we encourage students to highlight the healthy food options of their favorite culture. If you have any questions about what is appropriate, contact your teacher or principal.

These goals do not affect what a student brings from home for lunch or snacks for his or her own consumption. However, we encourage parents to practice good nutrition at home and, if your child brings a lunch to school, to ensure that it offers a variety of healthy choices for your child. We encourage students to not share lunches and snacks brought from home.

By linking the Physical Activity, Wellness Education, and Nutrition Policies into a comprehensive package, and you as a parent doing your part, we can be consistent with the message we send our students regarding the importance of their health.

Physical Examinations

For each child enrolling in the District for the first time, including for kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Program. For information, contact:

However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the
Oral Health Assessment Requirement

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed and have proof of the assessment by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

Immunizations and Tuberculosis Testing

A child shall not be unconditionally admitted to school unless he/she has been fully immunized against poliomyelitis, diphtheria, pertussis (whooping cough), tetanus, measles, mumps, rubella, varicella (chicken pox), hepatitis B in the manner and with agents approved by the California Department of Health unless provisions for medical exemption have been made or child is homeless or foster youth. Health Screenings

All students are screened for vision and hearing in grades K, 2, 5 and 8 and students new to California schools. Students may also be screened if the parent, teacher or school nurse suspect a vision or hearing problem or for special education assessments. Parents will be notified and referred for further follow-up only when a problem is identified. All 7th grade girls and 8th grade boys may be screened for scoliosis (spinal curvature problem). These screenings will be administered unless you annually present to the school a certificate from a physician or optometrist verifying prior testing or a letter stating it violates your faith in a recognized religious belief. [EC 49423]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

Illness

For the safety and protection of all, students should not attend school and may be sent home for any symptom listed below:

As suicide is a leading cause of death among youth and personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact, and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). [EC 215, 31180-32289, 49060-49079, 49602, 49604; GC 810-996.6; PC 11164-11174.3; WIC 5698, 5850-5883; BP 5141.52]

Drug, Alcohol, and Tobacco Prevention

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco product on District premises or as a part of any District activity is strictly prohibited. “Tobacco product” is defined as (i) any product made or derived from tobacco or nicotine that is intended for human consumption, regardless of how consumed; (ii) an electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the
device (commonly known as “e-cigarettes”); or (iii) any component, part or accessory of a tobacco product. This district may seek funding to support student programs. The district qualifies for Tobacco Use Prevention Education (TUPE) grant money. Money for the grant comes from Proposition 99 (1988) that added a 25¢ tax on each pack of cigarettes. In grades 6-12, TUPE funds support health education efforts aimed at the prevention and reduction of tobacco use by students and provide intervention and cessation services to students currently using tobacco. All recipients will adopt tobacco free district policies as well as post “Tobacco Use Is Prohibited” signs at all property entrances. [HSC 104350, 104420, 104460]

INSTRUCTION

California State Academic Standards

Each district in California decides how they will teach and what resources they will use to reach adopted common-core academic standards. More information can be found at www.cde.ca.gov/re/cc/ or www.corestandards.org. California has a computer-based student testing system that ties to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). Tests include the Smarter Balanced Assessments, California Science Test (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604.5, 60615]

English Language Learners are evaluated with the English Language Proficiency Assessments for California (ELPAC) to identify and measure their progress in English Language proficiency. Students in grades 5, 7, and 9 also participate in Physical Fitness Testing (PFT).

LCFF and LCAP

The Local Control Funding Formula is California’s school finance system. To most districts, it provides a uniform base grant per student plus additional funding for students with greater educational need including foster youth, homeless, low income and English learners. Because Santa Clara Unified is considered a basic aid or community funded district, where property tax revenue exceeds the state funding, we do not receive LCFF funding allotments but are still held to the same accountability measures. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The Local Control Accountability Plan (LCAP) is the 3-year guiding document that focuses on goals and actions based on needs that the district identifies. The plan describes the overall vision for students, annual goals, actions to achieve the goals and how the district’s budget will help achieve the goals. Districts are required to obtain feedback on the plan from parents, students, staff, and the community. Anyone can comment to the school board regarding LCAP proposals or expenditures either by submitting comments in writing or at a public hearing held by the school board for that purpose. An
annual review and update of the plan is required. [EC 305, 52060, 52062, 52066; ne]

### Health Education Program

Good health is one of your child’s most valuable possessions. Managing one’s lifelong health is becoming increasingly important. Santa Clara Unified is committed to your child’s overall education.

In order for students to develop the attitudes, knowledge and skills needed to maintain and enhance their positive health behaviors, the district has developed a comprehensive health education program. The parent portal link from Health Connected [http://lets-talk.how/](http://lets-talk.how/).

Students will gain knowledge and understanding of the social, physical, emotional, intellectual, and spiritual aspects of the human body. Topics may include mental and emotional health, family and social health, growth and development, nutrition, personal health and physical activity, alcohol, tobacco and other drugs and finally communicable and chronic diseases. This class satisfies the state mandate known as the California Healthy Youth Act for comprehensive health education. [EC 51930-51939]

The content of the health education courses has been carefully prepared and designed by teachers and health educators for the appropriate age and comprehension level of your child. Some of the major topics covered will include: alcohol, tobacco and other drugs, major body systems, human growth and reproduction, communicable diseases, safety and relationships. The primary goal of the program is to provide students with a better understanding of their responsibility to their own health and to the health of others.

Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker for ten cents (10¢) per page. You will be notified before such instruction, and have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, staff teaches these classes. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at www.leginfo.legislature.ca.gov. [EC 51933, 51934, 51937-51939]

Dissection of Animals

Except as otherwise provided in Section 32255.6, any pupil with a moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof, shall notify his or her teacher regarding this objection, upon notification by the school of his or her rights pursuant to Section 32255.4. An alternate education project will be developed. A student’s objection to participating in an educational project pursuant to this section shall be substantiated by a note from his or her parent or guardian. [EC 32255; ne]

District courses, grade level/course expectations, curriculum, and instructional materials are aligned with California State Standards.

Course and grade level information and a list of approved instructional materials are available at each school site and on the district website. Parents/Guardians have the right to review all course material.

### School Counselors

School counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. As specialists in child and adolescent development, school counselors coordinate the objectives, strategies, and activities of a comprehensive counseling program, and they serve as representatives on district and/or school guidance teams such as school attendance review boards. Counselors help students in grades 7-12 prepare for college or career planning. They guide students through all the steps including information about financial aid, academic requirements, and careers. Most counselors
are available by appointment and will meet with students and their families. [EC 48980, 49600, 51229]

**Homework/Makeup Work**

The Governing Board recognizes that homework contributes toward building life-long learning habits. Appropriate homework reinforces and extends classroom learning.

The Superintendent or designee shall ensure that administrators and teachers develop and implement an effective homework plan at each school site. As needed, teachers may receive training in designing relevant, challenging and meaningful homework assignments that reinforce classroom learning objectives.

Insofar as possible, parents/guardians shall be a contributing resource.

To further support students’ homework efforts, the Superintendent or designee may establish opportunities where students can receive encouragement and clarification about homework assignments. The Board encourages the Superintendent or designee to design class and transportation schedules that will enable students to make use of homework support services. [BP 6154]

**Guidelines for Formulating Homework**

1. Appropriate homework assignments include practice or enrichment activities, research or individual study projects, reading in preparation for class, and review for unit tests and examinations. Principals and teachers will work collaboratively so that every reasonable attempt will be made to balance the number of papers, assessments and projects that are due on any given day.

2. Homework should be based on student’s needs, abilities, individual skills and/or interests.

3. Homework guidelines should be clearly communicated to students and parents/guardians. [AR 6154]

**Guidelines for Assigning Homework**

1. Teachers should assign reasonable amounts of homework in relation to the age and ability of the students, the requirements of the class, and the purpose of the assignment. Long-term assignments should have intermediate checks by the teacher. In addition to the minimum 20 minutes of reading, the following guidelines are suggested and based on students developing regular practice to reinforce classroom learning.

   - **Kindergarten**: No more than 10 minutes
     - 2 days per week

     - 4-5 days per week
   - **Grade 9-12**: 8-10 total hours per week
   - **AP/Honors Classes**: expect more than guidelines suggest

**Makeup Work**

Students who miss school work because of an excused absence or tardy shall be given the opportunity to complete all assignments and tests. As determined by the teacher, the assignments and tests shall be reasonably equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period of time. [BP 6154; EC 48205]

Students who miss school work because of unexcused absences shall be given the opportunity to make up missed work. Teachers shall assign such makeup work as necessary to ensure academic progress, not as a punitive measure. [BP 6154; EC 48913]
Guidelines for Evaluation Homework

1. Written homework shall be evaluated for accuracy and/or completeness across inter-disciplinary lines, and that evaluation shall be included in the grading process.

2. Other types of homework, such as reading, reviewing for tests and examinations, and other home learning experiences, should be acknowledged and/or reviewed and should serve to enhance student achievement in class.

3. All students are encouraged to read a minimum of 20 minutes per day beyond assigned homework. [AR 6154]

Such instruction shall include, but not be limited to, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4; EC 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 6751-6777; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR 54.520]

Administrative Regulation [AR 6163.4]

The principal or designee shall oversee the maintenance of each school’s technological resources and may establish guidelines and limits on their use. All instructional staff shall receive a copy of this administrative regulation, the accompanying Board policy, and the district’s Responsible Use Agreement describing expectations for appropriate use of the system shall also be provided with information about the role of staff in supervising student use of
technological resources. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists shall prescreen technological resources and online sites that will be used for instructional purposes to ensure that they are appropriate for the intended purpose and the age of the students.

   You must use the resources only for your school-related work. This means that all the web sites you access are related to assignments your teacher gives you.

2. **Privileges:**
   
   The use of technology resources is a privilege. If you do not follow the rules of this agreement, your privileges may be taken away and you may be disciplined according to school and district rules and the law.

3. **Digital Citizenship:**
   
   You are expected to be a good digital citizen in all of your communications. If your Internet usage at home or at school is disruptive to the school community or inappropriate, you may be disciplined according to the district’s policy and/or the law.

4. **Personal Responsibility:**
   
   You must not access, create or send anything that is inappropriate including threatening, obscene, disruptive, harassing, or illegal material. You should tell a teacher or another adult at the school if you accidently see something inappropriate.

5. **Cyberbullying:**
   
   Cyberbullying is against the law and is not allowed by the district. You must not post information that you know is private or not true about someone else.     Your parents can be held financially responsible for any harm that may result from your intentional misuse of the system. Signing this agreement, acknowledges this potential financial responsibility.

**Student Responsible Use Agreement Grades 6–12**

Technological resources are important tools for furthering the district’s educational mission. This agreement outlines the expectations and responsibilities for you to use these resources.

1. **Educational Purpose:**
   
   The school’s technological resources shall be used only for purposes related to education and research and within the educational goals and objectives of the Santa
Clara Unified School District. This means that you may use the system for classroom activities, professional or career development and research. The district reserves the right to monitor any on-line communications or other network usage. You may not use the system for commercial purposes.

2. Privileges:
The use of computing resources is a privilege, not a right. The district may place reasonable restrictions on the material you access or post through the system, and violation of the law or this agreement shall result in cancellation of those privileges. If a user loses his/her privilege to use the technology, alternative means of acquiring information will be provided.

3. Personal Responsibility:
You shall report any security problem or misuse of the technological resources to the teacher or school administrator. You shall not knowingly access nor transmit material that is threatening, obscene, disruptive or sexually explicit, or that could be construed as harassment or disparagement of others based on their race, national origin, sex, sexual orientation, age, disability, religion or political beliefs. Cyberbullying is prohibited by law and district policy. If you mistakenly access inappropriate information, you should immediately report this access to a teacher or school administrator.

4. Plagiarism and Copyright:
You may not plagiarize works that you find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were yours. Copyrighted materials may not be placed on the technological resources without the copyright holder’s permission. The user needs to be mindful that most printed text or graphics accessed via the Internet, CD ROM’s, and other software is copyrighted. Users may download copyrighted material only for their own use.

5. Safety Requirements:
While utilizing the network or on-line service users are expected to be polite, use appropriate language, and not use the network in any way that would disrupt the use of the network by others. No personal information such as your home address or personal phone numbers or those of students or colleagues is to be posted at any time. You may not forward a message that was sent to you privately without permission from the person who sent you the message. You will promptly disclose to your teacher or other school staff any message that you receive that is inappropriate or makes you feel uncomfortable. You should not delete such messages until instructed to do so by a staff member.

6. Privacy:
You shall not read other users’ mails or files; you shall not attempt to interfere with other users’ ability to send or receive electronic mail, nor shall you attempt to read, delete, copy, modify or forge other users’ mail or files. You will not post or share false or defamatory information about a person or organization. You will not post or share private information or photographs of others.

7. Security/Vandalism:
You are responsible for the proper use of any account that is issued in your name at all times. You will not share your account with another user. You may not attempt to gain unauthorized access to or disrupt any district or other computer/network system. Vandalizing the system by spreading viruses, engaging in any unlawful acts, or by any other electronic means is a violation of this agreement.

8. No Reasonable Expectation of Privacy:
You should not expect privacy in the contents of your personal files and records of your online activity on the district’s network. The district’s monitoring of Internet usage can reveal all activities you engage in when using the district’s system. Maintenance and monitoring may lead to discovery that you have violated this agreement, the student conduct policy, or the law. An individual search will be conducted if there is reasonable suspicion that you have violated this agreement, or the law.

9. Violations of this Agreement:
In the event there is a claim you have violated the law, this agreement, or the district’s student conduct policy, your access to the technological resources may be terminated and/or you may be disciplined under the district’s student conduct policy.
10. Responsibilities for Damages:
You and/or your parents can be held financially responsible for any harm that may result from your intentional misuse of the system. Signing this agreement, acknowledges this potential financial responsibility.

UC / CSU Admission Requirements
Admission to the University of California (UC) and California State University (CSU) requires completion of “a-g subject” requirements. For UC admissions, a minimum GPA of 3.0 (B) or higher is required for California residents. For CSU admissions, a GPA of 2.0 (C) or higher is minimally required for regular admission. For CSU, acceptance is based on an eligibility index that combines multiple items. Transfer students from community colleges are accepted to both UC and CSU campuses. [EC 48980, 51229; ne]

For both UC & CSU, students must also take the SAT or ACT. Links to the UC/CSU requirements:

Career Technical Education
SCUSD students in grades 7-12 may participate in a variety of Career Technical Education programs involving a sequence of courses that integrate core academic, technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. More information is available about Career Technical Education at California Department of Education, www.cde.ca.gov/ci/ct. [EC 48980, 51229]

College and Career Counseling
High school counselors are trained to help students prepare for college or career planning. They take students through all the steps so nothing is missed including information about financial aid, requirements, and careers. Most counselors are available by appointment and will meet with students and their families. [EC 48980, 51229]
PUPIL RECORDS

You and your children over 18 have the right to review, get copies, and inspect their school records. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the school sites by the Principal or designee. There is someone to help interpret the material. You may have copies made for ten cents (10¢) per page. If you cannot afford the cost of copies they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student’s record. [EC 8484.1, 49063, 49060, 49068, 49069, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99; ne]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Inspection of Records

Parents and eligible students have the right to inspect and review the student’s education records within 5 days of the day the school receives a written request that identifies the record(s) they wish to inspect. The principal or guardian of records will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. [EC 49069]

Maintenance of Records

A record shall be maintained for each pupil which lists all persons or organizations requesting or receiving information from said record. Requests for access to the records should be directed to the school principal. [EC 49064]

Request to Amend Student Educational Record

Following inspection and review of a pupil’s records, the parent or eligible student may file a request to remove any information which the parent alleges to be inaccurate, misleading or inappropriate. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. [EC 49070]
Hearing of Request to Amend Student Educational Record

A district superintendent or governing board may convene a hearing panel to analyze the parental or student request for the amendment of pupil related information provided that the parent has given written consent for release of said information. [EC 49071]

Parent’s Statement regarding Disciplinary Action

Release of Records

A school district may permit access to pupil records to any person for whom the parent of the pupil has executed written consent specifying the records to be released; and identifying the party to whom the records may be released. The recipient must be notified that the transmission of information to others is prohibited. The consent notice shall be permanently kept with the pupil’s record file. [EC 49075]

Transfer of Records

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. [EC 49076-49078]

Santa Clara Unified School District is participating with the California Longitudinal Pupil Achievement Data System (CALPADS) Program in the electronic transfer of student data for state reporting to the California Department of education and to districts and/or public post-secondary institutions to which the student is transferring or applying for admission. All data maintained by the CALPADS Program is in compliance with federal and state privacy and confidentiality requirements. Student information is encoded such that no personally identifiable information is retained by CALPADS. Parents have the right to inspect student information maintained by the CALPADS Program. Contact your school principal to initiate this procedure.

The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student’s ability, citizenship and effort. [EC 49067]

**School Accountability Report Card**

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at www.santaclarausd.org/sarcs. It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. b) The governing board of the school district and the superintendent, shall not order a pupil’s grade to be changed unless the teacher who determined such grade is, to the extent practicable, given an opportunity to state orally, in writing, or both, the reasons for which such grade was given and is, to the extent practicable, included in all discussions relating to the changing of such grade. [EC 49066]

c) No grade of a pupil participating in a physical education class may be adversely affected due to the fact that the pupil does not wear standardized physical education apparel because of circumstances beyond his or her control. [AR 5121; EC 49066]

**Pupil’s Progress**

Each school district shall prescribe regulations requiring the evaluation of each pupil’s achievement for each marking period and requiring a conference with or a written report to the parent of each pupil whenever it becomes evident to the teacher that the pupil is in danger of failing a course. The refusal of the parent to attend the conference or to respond to the written report, shall not preclude failing the pupil at the end of the grading period. [EC 49067]

**Early Assessment Program (EAP)**

Each spring, all grade eleven students in California take the Smarter Balanced Summative Assessments for English language arts/literacy (ELA) and mathematics. These assessments, which are administered as part of the California Assessment of Student Performance and Progress (CAASPP) System, also serve as an indicator
of readiness for college-level coursework in English and mathematics and are used by the California State University (CSU) and participating California Community Colleges (CCCs) to determine Early Assessment Program (EAP) status. All students participate in EAP by virtue of completing the Smarter Balanced Summative Assessments for English language arts/literacy and mathematics. Students must authorize the release of their CAASPP (i.e., Smarter Balanced Summative Assessment) results for each assessment to the CSU and CCC systems. The release of results for both ELA and mathematics must be completed separately. Students who do not release their results at the end of the assessments may later submit a copy of their score report to the CSU and/or CCC in which they have enrolled. The release of the CAASPP results will not affect a student’s application for admission. Results are only used to determine a student’s placement after he or she has been admitted to the California State University. Students will find their EAP status reported on the front of the 2017–18 Student Score Report. There are four possible EAP status levels: Ready, Conditional Ready, Not Yet Ready, Not Ready. For more information please see: http://www.csusuccess.org/caaspp.

### Components of the SCUSD Assessment System

- **Release of Student to Peace Officer**

When a school official releases a minor pupil from school to a peace officer for the purpose of removing the minor from the school premises, the school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor, except when a minor has been taken into custody as a victim of suspected child abuse. In those cases, the district shall provide the peace officer with the address and telephone number of the parent. The peace officer shall notify the parent or guardian. [EC 48906; PC 11165.6]

Following due process procedures, the school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child’s classroom. Civil penalties may also be enforced with fines up to $25,000. [EC 48900.1, 48904, 51101; CC 1714.1; GC 53069.5]

■ Mandatory Suspension / Expulsion [EC 48915]

Education Code Section 48915(a): Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent finds that the expulsion is inappropriate, due to the particular circumstance:

3. Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for the first offense for the sale of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis.

1. Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior or written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.
4. Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.
5. Possession of an explosive.

The impetus of this material is to make clear to everyone that consequences for these offenses are mandatory. Fortunately, the types of offenses described here occur quite infrequently in Santa Clara, but we don’t want to leave any doubt in anyone’s mind that the students who commit them will be appropriately disciplined. If students are to receive the best education possible, it is essential that we create an excellent educational climate at each one of our schools.

■ Student Suspensions

The Board of Trustees recognizes that maintaining an environment which promotes learning and protects the health, safety, and welfare of all students may require the suspension or expulsion of a student from regular classroom instruction. District policies and school site rules shall clearly identify district behavior standards. Except in cases where suspension or expulsion for a first offense is warranted in accordance with law, suspension or expulsion shall be imposed only when other means of correction fail to bring about proper conduct. [EC 48900.5]

Authority to suspend:

A pupil shall not be suspended from school or recommended for expulsion unless the superintendent or the site administrator of the school in which the pupil is enrolled determines that the pupil has committed one of the offenses outlined in Ed. Code 48900 and listed above (Grounds for Suspension and Expulsion).

No pupil shall be suspended or expelled for any of the acts enumerated unless that act is related to school activity or school attendance occurring within a school under the jurisdiction of the superintendent.
or principal or occurring within any other school district. A pupil may be suspended or expelled for acts which are enumerated in this section and related to school activity or attendance which occur at any time, including, but not limited to, any of the following:

1. While on school grounds.
2. While going to or coming from school.
3. During the lunch period whether on or off the campus.
4. During, or while going to or coming from, a school-sponsored activity.

**Suspension Procedures:**

1. Suspension from Class by a Teacher. A teacher may suspend any student from the teacher’s class for any of the acts listed under Grounds for Suspension and Expulsion above, for the day of the suspension and the day following. [EC 48910]
2. Suspension by a school administrator for any of the acts listed under Grounds for Suspension and Expulsion above. A superintendent, principal, or principal’s designee may suspend a student from school for not more than five consecutive school days. The principal may suspend upon a first offense, if the principal determines the student violated any of the offenses listed in section a-e of Section 48900 or if the student’s presence causes a danger to persons or property or threatens to disrupt the instructional process. [EC 48900.5]

The Board may suspend a student from school for any of the acts listed under Grounds for Suspension and Expulsion above, for not more than 20 school days in any school year, unless for purposes of adjustment, a student enrolls in or is transferred to another regular school, an opportunity school or continuation school or class, in which case suspension shall not exceed 30 days in any school year. [EC 48903, 48912]

**Student Expulsions**

**Authority to expel:**

Only the Governing Board may expel a student. Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature or where mandated by law, expulsion is usually used only when there is a history of misconduct, when other forms of discipline have failed to bring about proper conduct, or when the student’s presence causes a continuing danger to the physical safety of the student or others. [EC 48915, 48911]

**Expulsion Procedures:**

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the principal or Superintendent determines that one of the acts listed under Grounds for Suspension and Expulsion has occurred.

An Administrative Hearing Panel, composed of three (3) or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled, will conduct a hearing and make a recommendation to the Governing Board.

**Student Due Process**

The Board shall provide for the fair treatment of students facing suspension and expulsion by affording them their due process rights under the law. The administration and staff shall comply with procedures for notices and appeals as specified in regulations and School Board Policy 5144.1. Procedures governing student due process shall conform in all aspects to provisions in law. [EC 48911, 48915, 48915.5]

When a special education student is recommended for expulsion, the IEP team must meet for a Manifestation Determination IEP.

In terms of the behavior subject to disciplinary action, the IEP team, including the parent, must meet to consider, all relevant information including:

1. existing assessments and diagnostic results,
2. information supplied by the parents,
3. observations of the student and
4. the student’s IEP and placement to determine the following:
   - In relationship to the behavior subject to disciplinary action, the student’s IEP and placement were appropriate
   - the special education services, supplementary aids and services and behavior intervention strategies were provided consistent with the student’s IEP and placement.
   - the student’s disability did not impair the ability of the student to understand the impact and consequences of the behavior subject to disciplinary action; and
• the student’s disability did not impair the ability of the student to control the behavior subject to disciplinary action.

A SAFE PLACE TO LEARN

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites and school activities based on actual or perceived characteristics: race, color, ancestry, nationality, national origin, immigration status, ethnicity, ethnic group identification, age, religion, pregnancy, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or association with a person or group with one or more of these actual or perceived characteristics at any school sponsored activity. School site staff trained in anti-bias shall be made known. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff, 7-12 grades get information about helping LBGTQ students. Resources about bullying, intimidation, and violence are found through the District and online at www.cde.ca.gov, www.cde.ca.gov/ls/ss/se/bullyres.asp, www.cde.ca.gov/ls/ss/se/bullyfaq.asp, www.cde.ca.gov/ls/ss/vp/ssresources.asp, www.californiahealthykids.org

Megan’s Law Procedures

In order to protect students while they are traveling to and from school, attending school or at a school-related activity, the Governing Board believes it is important that the district respond appropriately when a law enforcement agency contacts the district about registered sex offenders who may reside or work within district boundaries. [BP 3515.5]

To maintain consistent procedures for responding to Megan’s Law disclosures, the district will have a designee responsible for communication with law enforcement agencies. When notice is received from a law enforcement agency regarding a registered sex offender, the designee shall facilitate the process of informing the appropriate schools, personnel, and parent communities about the notice. The designee can also assist concerned parents with questions about Megan’s Law.

It is important that parents are aware of their ability to directly contact their law enforcement agency with concerns about suspected sex offenders. Law enforcement agencies maintain information about registered sex offenders in their communities and have procedures for allowing public access to this information. The current district designee is:

Child Abuse

All school personnel are legally required to immediately report cases of suspected or actual child abuse to a Children’s Protective Service Agent (408) 846-4400). Failure to report is a misdemeanor punishable by imprisonment not to exceed six months, or a fine not to exceed $1,000.00 or both. A parent or guardian of a child has a right to file a complaint against a school district employee or other person that they suspect has engaged in child abuse while at a school site. To ensure that an appropriate investigation takes place, the parent or guardian must first notify the site administrator and then must file a verbal or written complaint with the local child protective agency and school district. [PC 11166]

School Safety Plan

The Santa Clara Unified School District is committed to provide a safe learning environment that supports academic achievement. School safety is a community issue that requires collaboration between the schools, emergency response agencies, parents and the community. A school safety plan takes an all hazards approach. Every year, each school shall establish a safety team (usually the school site council) that collaborates with local law enforcement, fire, and emergency management agencies. Plans should, among other things, provide guidance for reporting child abuse, regulate training/drills for various types of emergencies, and specify policies and procedures to provide a high level of school safety. Schools shall
also develop tactical responses to criminal incidents in order to safeguard students and staff. Planned responses to criminal incidents need not be disclosed to the public. Mental health professionals and school counselors (to the extent that resources are available) shall assist with creating and maintaining a positive school climate, including the prevention of bullying programs at each of our schools. Each school shall review and update its Comprehensive School Safety Plan by March 1 of each school year, per Ed Code. The school site council shall make its plan public and will share the plan with various community leaders, school site personnel, student body representatives, and parent groups. A complaint of noncompliance with the school safety plan requirements may be filed under the Uniform Complaint Procedures policy. [EC 32280-32289, 51101; ne]

Management Plan for Asbestos-Containing Material

The district is required to develop and update an asbestos management plans for each school site and maintain them in the administrative office for review and inspection upon request. [40 CFR 763.93; ne]

The Environmental Protection Agency’s (EPA) Asbestos Hazard Emergency Response Act (AHERA) regulations require public school districts to:

- Perform inspections to determine whether asbestos-containing materials (ACM) are present and then inspect asbestos-containing material in each school every 6 months, and perform a triennial re-inspection every 3 years, and/or every time a response action is taken within the school
- Provide yearly notification to parent, teacher, and employee groups on availability of the school’s asbestos management plan and any asbestos-related actions taken or planned in the school
- Designate a contact person to ensure the responsibilities of the district are properly implemented
- Ensure that trained and licensed professionals perform inspections and take response actions
- Develop, maintain, and update an asbestos management plan and keep a copy at the school

The Santa Clara Unified School District has a continuing periodic surveillance and maintenance program to ensure that asbestos containing material (ACM) does not become hazardous. A copy of the most current Asbestos Management Plan is available at each school administration office. The documents are public and are available for review. Additional questions should be directed to the District Business Office; Facilities Department at (408) 423-2056.

Lead Poison

The district website has information about lead poisoning, including risks and effects of childhood lead exposure; blood lead screening tests for children enrolled in Medi-Cal; recommendations for children not enrolled in Medi-Cal who are at high risk of lead exposure and blood lead screening tests as required. The District will handout information to parents of district childcare or preschool programs. [HSC 105286]

Pesticide and Herbicide Use

The District is providing parents the name of all pesticide products expected to be applied at school facilities this school year. The identification includes the name and active ingredients. Only fully certified pesticides can be used on school grounds. The school’s Integrated Pest Management Plan (IPM) is updated by January 1 each year. The IPM, pesticide names and active ingredients, and application dates are posted on the school and/or district website at www.santaclarausd.org/pesticides.

Parents and guardians may register with the school or district if they wish to receive notification of pesticide applications at a particular school or facility. Notice of an application and written notice of unlisted pesticide use will be given 72 hours in advance. For an emergency application, 72 hours notice will be the goal. Each area of the school where pesticide is being used will be identified by a posted warning 24 hours before (or upon application, if an emergency) through 72 hours after use. Further information is available from the California Department of Pesticide Regulation, P.O. Box 4015, Sacramento, CA 95812-4015, www.cdpr.ca.gov. [EC 17610.1, 17612, 48980; FAC 13184]

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This includes pesticides that will be applied by school district staff or licensed pest control businesses).
The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district’s academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student’s actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student’s academic performance; or otherwise adversely affects a student’s educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students’ access to the educational program by publicizing the district’s nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community’s understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district’s nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district’s educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board
policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping
The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools. [BP 5145.3; EC 200-262.4, 48900.3, 48900.4, 48904, 48907, 48950, 48985, 49020-49023, 51500, 51501, 60044; CC 1714.1; GC 11135; PC 422.55, 422.6; 5 CCR 432, 4600-4670, 4900-4965; 20 USC 1681-1688, 12101-12213, § 504; Title VI; Title VII; Title IX; 42 USC 6101-6107; 28 CFR 35.107; 34 CFR 99.31, 100.3, 104.7, 106.8, 106.9, 110.25]

Sexual Harassment [BP/AR 5145.7]

Board Policy
The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibit retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult or who has experienced off-campus sexual harassment that has a continuing effect on campus to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

The Superintendent or designee shall take appropriate actions to reinforce the district’s sexual harassment policy.

Instruction/Information
The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the district’s primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant’s noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district’s procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made

Complaint Process and Disciplinary Actions
Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

Upon investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy
shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall have his/her employment terminated in accordance with law and the applicable collective bargaining agreements.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

Administrative Regulation

The district designates the following individual(s) as the responsible employee(s) to coordinate its efforts to comply with Title IX of the Education Amendments of 1972 and California Education Code 234.1, as well as to investigate and resolve sexual harassment complaints under AR 1312.3 - Uniform Complaint Procedures. The coordinator/compliance officer(s) may be contacted at:

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the educational setting, under any of the following conditions:

1. Submission to the conduct is explicitly or implicitly made a term or condition of a student’s academic status or progress.
2. Submission to or rejection of the conduct by a student is used as the basis for academic decisions affecting the student.
3. The conduct has the purpose or effect of having a negative impact on the student’s academic performance or of creating an intimidating, hostile, or offensive educational environment.
4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any district program or activity.

Examples of types of conduct which are prohibited in the district and which may constitute sexual harassment include, but are not limited to:

1. Unwelcome leering, sexual flirtations, or propositions
2. Sexual slurs, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions
3. Graphic verbal comments about an individual’s body or overly personal conversation
4. Sexual jokes, derogatory posters, notes, stories, cartoons, drawings, pictures, obscene gestures, or computer-generated images of a sexual nature
5. Spreading sexual rumors
6. Teasing or sexual remarks about students enrolled in a predominantly single-sex class
7. Massaging, grabbing, fondling, stroking, or brushing the body
8. Touching an individual’s body or clothes in a sexual way
9. Impeding or blocking movements or any physical interference with school activities when directed at an individual on the basis of sex
10. Displaying sexually suggestive objects
11. Sexual assault, sexual battery, or sexual coercion
12. Electronic communications containing comments, words, or images described above any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities will be regarded as sexual harassment in violation of district policy if it has a continuing effect on or creates a hostile school environment for the complainant or victim of the conduct.

Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee
shall forward the report to the principal or the district’s compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If he/she determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district’s uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or compliance officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim’s prior relationship with the respondent.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee who shall determine who will investigate the complaint.

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action.

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district’s ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

Response Pending Investigation

When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. To the extent possible, such interim measures shall not disadvantage the complainant or victim of the alleged harassment. Interim measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

Notifications

A copy of the district’s sexual harassment policy and regulation shall:
1. Be included in the notifications that are sent to parents/guardians at the beginning of each school year

2. Be displayed in a prominent location in the main administrative building or other area where notices of district rules, regulations, procedures, and standards of conduct are posted

Uniform Complaint Procedure [BP/AR 1312.3]

The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages early resolution of complaints whenever possible. To resolve complaints which may require a more formal process, the Board adopts the uniform system of complaint processes specified in 5 CCR 4600-4670 and the accompanying administrative regulation.

The district’s uniform complaint procedures (UCP) shall be used to investigate and resolve the following complaints:

1. Any complaint alleging district violation of applicable state or federal law or regulations governing adult education programs, after school education and safety programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, special education programs, consolidated categorical aid programs, and any other district-implemented program which is listed in Education Code 64000(a)

2. Any complaint alleging the occurrence of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) against any student, employee, or other person participating in district programs and activities, including, but not limited to, those programs or activities funded directly by or that receive or benefit from any state financial assistance, based on the person’s actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital, pregnancy, or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on his/her association with a person or group with one or more of these actual or perceived characteristics

3. Any complaint alleging district noncompliance with the requirement to provide reasonable accommodation to a lactating student on school campus to express breast milk, breastfeed an infant child, or address other breastfeeding-related needs of the student

4. Any complaint alleging district noncompliance with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities

5. Any complaint alleging district noncompliance with legal requirements related to the implementation of the local control and accountability plan

6. Any complaint, by or on behalf of any student who is a foster youth, alleging district noncompliance with any legal requirement applicable to the student regarding placement decisions, the responsibilities of the district’s educational liaison to the student, the award of credit for coursework satisfactorily completed in another school or district, school transfer, or the grant of an exemption from Board-imposed graduation requirements

7. Any complaint, by or on behalf of a homeless student as defined in 42 USC 11434a, alleging district noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in another school or district or the grant of an exemption from Board-imposed graduation requirements

8. Any complaint alleging district noncompliance with the requirements of Education Code 51228.1 and 51228.2 that prohibit the assignment of a student to a course without educational content for more than one week in any semester or to a course the student has previously satisfactorily completed, without meeting specified conditions

9. Any complaint alleging district noncompliance with the physical education instructional minutes requirement for students in elementary school
10. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy.

11. Any other complaint as specified in a district policy.

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is acceptable to all parties. ADR, such as mediation, shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation.

In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. As appropriate for any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep confidential the identity of the complainant and/or the subject of the complaint if he/she is different from the complainant, as long as the integrity of the complaint process is maintained.

When an allegation that is not subject to the UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district’s UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

The Superintendent or designee shall maintain records of all UCP complaints and the investigations of those complaints in accordance with applicable law and district policy.

Non-UCP Complaints

The following complaints shall not be subject to the district’s UCP but shall be referred to the specified agency:

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services Division, and the appropriate law enforcement agency.

2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.

3. Any complaint alleging employment discrimination shall be sent to the California Department of Fair Employment and Housing and the compliance officer shall notify the complainant by first class mail of the transfer.

4. Any complaint alleging fraud shall be referred to the California Department of Education.

In addition, the district’s Williams Uniform Complaint Procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff, or teacher vacancies and misassignments.

Income Eligibility Scales for 2019-2020

Income Eligibility Guidelines for Free and Reduced-Price Meals or Free Milk in Child Nutrition Programs

Effective July 1, 2019, through June 30, 2020, participants from households with incomes at or below the following levels may be eligible for free or reduced-price meals or free milk.

Note: The new income calculations are based on annual figures and the following formulas: Monthly = annual income divided by 12; Twice Per Month = annual income divided by 24; Every Two Weeks = annual income divided by 26; and Weekly = annual income divided by 52. All dollar amounts are rounded up to the next whole dollar.

Household is synonymous with family and means a group of related or unrelated individuals who are not residents of an institution or boarding house, but who are living as one economic unit sharing housing and all significant income and expenses. This scale does not apply to households that receive CalFresh (formerly Food Stamps), Kinship Guardianship Assistance Payment (Kin-Gap), Food Distribution Program on Indian Reservations (FDPIR) benefits, or children who are recipients of California Work Opportunity and Responsibility to Kids Program (CalWORKs). Those children are automatically eligible for free meal benefits.

In the Adult Care Component of the Child and Adult Care Food Program, a household includes the adult participant and, if residing with the participant, the spouse as well as any persons who are economically dependent on the adult participant. This scale does not apply to members of CalFresh (formerly Food Stamps) households, or recipients of Supplemental Security Income, Medicaid/Medi-Cal, or FDPIR benefits. Those participants are automatically eligible for free meals.

The Earned Income Tax Credit (EITC)
This is an annual notification to households about the Earned Income Tax Credit (EITC) Information Act. The EITC is a benefit for working people with low to moderate income. They must meet certain requirements and file a tax return, even if taxes are not owed or households are not required to file, to qualify. The EITC reduces the amount of tax households owe and may allow for a refund. According to the California Revenue and Taxation Code (RTC) Section 19854: Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance For Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its Web site at www.irs.gov. You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514).

For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its Web site at www.ftb.ca.gov.
