2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Bracher Elementary, a Title I school, is located in the city of Santa Clara in an area that serves students from both single-family homes and multiple-family dwellings. Bracher serves approximately 300 students in kindergarten through fifth grade in a general education setting and hosts district self-contained Specialized Academic Instruction classes. Bracher staff works as a Professional Learning Community, meeting weekly to create assessments, discuss instructional strategies, and monitor student progress. We pride ourselves on providing an outstanding education to all the students that attend. Bracher has been awarded both Silver and Gold recognition for our Positive Behavior Intervention and Support (PBIS) schoolwide work. PBIS, combined with our Harper for Kids character education based on John Wooden's Pyramid of Success helps to create a very positive climate on our school campus. Bracher Elementary School has an outstanding staff that cares about each student. We provide a safe, nurturing environment that promotes student learning. Our Bobcats are Respectful, have an Outstanding Attitude, are Always Safe, and Responsible, (ROAR).

Our mission statement reads:

Bracher School is a professional learning community. Through high academic and behavioral expectations, Bracher will provide rigorous programs with a focused approach. We believe that all students can and will succeed.

Teaching and learning occur in an engaging, empowering, collaborative manner where successes are celebrated. Staff and students are positive, caring, and have high expectations. All members work with the belief that every child can learn.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

General

Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Maintenance and Repair

SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at www.santaclarausd.org/BoardPolicies. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance

SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Modernization Projects

SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of three new schools, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. More: www.santaclarausd.org/bond

Age of School Buildings

The main campus of Bracher School was built in 1958. Portables were added in 1997 for class size reduction and buildings were modernized in 2002. Classrooms were updated with new lighting, technology, and air conditioning in 2018. This school has 31 classrooms, a multipurpose room, a library, and an administration building.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement -

Bracher Elementary School actively seeks and welcomes parent and community involvement in the life of the school. School climate is developed through a cooperative effort of the school staff, Parent Teacher Association (PTA), School Site Council (SSC), English Learner Advisory Committee (ELAC), and parent volunteers.

Parents are involved in many different capacities. Bracher parents participate in and/or directly assist with the school's educational programs. Parents help in classrooms, chaperon on field trips, raise funds, supply educational materials, provide technical assistance, serve on committees, and take on various leadership roles. Our PTA plans family nights: This past year we held movie nights, family science, art, and "Bracher Build" (STEM) night. Our parents also support Art in the classrooms and an extra curricular choir. Anyone interested in becoming more involved is encouraged to contact our school office at (408) 423-1200.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.15	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2021.

Professional Development

Staff development activities and expenditures are tied to district and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's School Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

In addition to the number of school days dedicated to districtwide professional development, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
