## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Westwood Elementary School is located in the Santa Clara Unified School District (SCUSD). It was established in 1957, and parent-involvement has always been a wonderful part of our school culture. In 1961, the parents of Westwood planted a forest of native Californian trees and shrubs. The forest, like our school, is uniquely beautiful and still thriving today! Throughout the years, Westwood has supported many students and families. Westwood holds the proud designation of housing one of the first autism specific preschool classrooms in SCUSD. Currently, Westwood serves students from preschool through fifth grade.

Westwood's kinder through 5th grade program has grown into a total of seventeen (17) classrooms. Primary classrooms (grade K-3) support a learning environment of 24:1 ratio and Upper Grade classrooms (grades 4-5) support a learning environment of 27:1 ratio. As part of our Multi-Tiered Systems of Support (MTSS), we are able to offer intervention and EL support through additional staffing to support students struggling academically. Westwood also has a Wellness Coordinator, who helps support social-emotional learning and organizes both counseling intern support and PIP (Primary Intervention Program). The K-5 program also has a resource program for students with qualifying IEP's (individualized education plans). Each of these programs has dedicated spaces and staff in addition to the classrooms to support students in the program. In addition, there is also a speech therapy room, a multi-purpose auditorium, a library, an onsite extended daycare program, and two computer labs. Westwood also houses a non-categorical Special Education preschool for qualifying students who are 3 and 4 years old. Within this program, there is also EIBI (Early Intensive Behavioral Intervention) support, an OT (Occupational Therapy) Center, and a dedicated Speech and Language Pathologist for speech support. Westwood also houses SCUSD's preschool assessment team.

Westwood's population is of diverse cultures and ethnicities. As such, staff have had the opportunity to create a positive and safe environment for students of all cultures, ethnicities, and academic abilities. The mainstream enrollment consists of economically, ethnically, socially, and academically diverse students. We consider this to be a strength, as our students have enjoyed a living microcosm of positive intercultural relationships. Having a student population that collectively speaks 26 different languages shapes our instructional program. The two dominant languages spoken by our children are English and Spanish. At the time of this report, 25% of our students qualified for ELD services, 36 students are receiving special education services, 5 students are supported by a 504 plan in grades K-5, and approximately 35% of our students receive free or reduced priced meals.

Members of the Westwood staff consist of approximately twenty-two certificated teachers including classroom teachers, the

## 2021-22 School Overview

special education preschool classroom teachers, two resource specialists (one full time, one part-time), a wellness coordinator, a 40% speech language specialist, a 20% school counselor, a 40% Primary Intervention Program (PIP), and a 40% school psychologist. The K-5 teaching staff is supported by two resource paraeducators, one physical education instructor and paraprofessional (grades K-5), a school secretary, an attendance clerk, a 5 hour/day health assistant, two and a half custodians, a library media assistant, two food service persons, numerous playground supervision persons, and maintenance personnel. All regular education classroom teachers are CLAD (Cultural Language Acquisition Development) certified. Our special education preschool classrooms are also supported by 8 paraprofessionals.

Westwood has a very active PTA (Parent Teacher Association) and School Site Council (SSC), which provide financial assistance and leadership to the school programs. Westwood PTA host various fundraisers including an annual Fall Festival, Red Ribbon Week, Stories Under the Stars, SCRIP, and eScrip programs. In addition, parents run the book fairs, help with yard duty, volunteer in our garden plots, and plan activities for teacher appreciation week. Many also volunteer for numerous tasks throughout the school year as needed.

### WESTWOOD COMMUNITY

Westwood is a community of engaged students, staff and families. We are responsible for one another, the students, and the families of our community. This sense of community guides us in our work. As a PBIS (Positive Behavioral Interventions and Supports) School, we have four guiding agreements for our community. In keeping with our mascot, the wildcat, we practice the Westwood P.A.W.S.: Be Peaceful, Be Aware, Be Wise, and always Be Safe.

#### We Are Peaceful

We peacefully respect and support every individual, both publicly and privately, by working with students, parents, and staff to help one another be a successful member of our community.

We build peaceful communities by teaching our students how to behave, catching our students doing the right thing and holding them accountable when they do not make a good choice.

We communicate openly, respectfully, and timely with parents and each other.

We listen while others speak and use "I" messages to share our feelings and how it affects us. We think about possible solutions to solve and work out problems.

We treat others with respect and remind ourselves to be peaceful problem solvers.

#### We Are Aware

We provide children with a safe, secure and nurturing environment through a strong, consistent discipline plan, school-wide agreements, and caring adults who are aware of their responsibility for all students.

We are a family at Westwood and we share responsibility for all students while supporting one another.

We work collaboratively to improve student achievement, learn new procedures, methodologies, techniques, and to tackle school-wide issues.

#### We Are Wise

We are a community that believes in what we can do for kids. We base our decisions on common sense and what is best for kids, and we work together to help our students succeed.

#### We Are Safe

We hold the students' safety as our most important priority.

We create a learning environment that fosters and supports the students' emotional, physical and mental well-being.

We share the responsibility for the safety of all students.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

### General

Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

### Maintenance and Repair

SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

### Cleaning Process and Schedule

The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at [www.santaclarausd.org/BoardPolicies](http://www.santaclarausd.org/BoardPolicies). The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

### Deferred Maintenance

SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

### Modernization Projects

SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of three new schools, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. More: [www.santaclarausd.org/bond](http://www.santaclarausd.org/bond)

### Age of School Buildings

Westwood was originally built in 1954. Portables were added in 1997 and 2001. In 2002, two wings were demolished and rebuilt, and the remainder of the school was modernized. There are 38 classrooms, a library, a multi-purpose room, and an administration building.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Westwood is fortunate to have a supportive parent group population, which participates in School Site Council, PTA, classroom volunteering, Project Cornerstone, and many school events, including fundraising. Parents are given the opportunity to participate in school activities and volunteer in the classroom. Community communication is through classroom newsletters, parent/teacher e-mails, our PTA board, the school website, monthly PTA newsletters, and our bi-monthly ROAR Report (school newsletter). Every Wednesday a folder goes home with every student with important information for parents. Our teachers welcome parent participation in their classrooms, and we honor all our campus volunteers through our annual Westwood Volunteer Tea.

Westwood has a strong PTA presence! The PTA is a group of parents, teachers, administrators, and community members that have one overall goal... to enrich the education of all students here at Westwood to the best of our abilities! In a typical year, the PTA sponsors or coordinates things like field trips, the Fall Festival, Teacher reimbursements for classroom supplies, welcome breakfast for kinder families, Red Ribbon Week, Bring Your Family to School Week, our science and art enrichment programs, book swaps, the book fair, end of the year field day, and so much more!

PTA is an advocacy group. We are here to amplify community voices when it comes to our children's education. We stay connected with both parents and the school to make sure that at all times our children's best interests are at the top of every list. We are here to support the well being of every single student at Westwood. Every year, the PTA budgets over \$30,000 in funds that directly support the activities mentioned above. That is almost \$75 per student funded by the PTA each year. We understand the financial constraints of raising children and strive to avoid as many of the traditional fundraisers as possible. In a typical year, our fall festival and silent auction kick off the year and along the way we might sell some cookie dough and maybe hold a raffle or two. Donations are also always welcome!

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.15	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2021.

## Professional Development

Staff development activities and expenditures are tied to district and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's School Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

In addition to the number of school days dedicated to districtwide professional development, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
