School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Buchser Middle School is in the heart of downtown Santa Clara. The City of Santa Clara is situated in a choice central location in Santa Clara County with easy access to a variety of educational, cultural and recreational facilities. Buchser is located on 31.5 acres two blocks from Santa Clara University. The Buchser campus is the site of one of the first high schools in the State of California.

This Bellomy Street site of the old Santa Clara High is the mother school of the district with an extremely rich history that goes back well over 100 years. Santa Clara Grammar School accommodated both high school and elementary students until 1905 when a new building was opened for the upper grades. The Bellomy Street school served the community as a high school until 1922 when the second Santa Clara High School opened. The building was razed in 1966 because it did not meet earthquake safety standards. The new Santa Clara High was opened in 1970 making it the newest/oldest school in the district.

Buchser Middle School is named for Emil R. Buchser, a long-time teacher, principal, and superintendent in Santa Clara Schools. Mr. Buchser was appointed principal and served in the dual role of principal and superintendent of Santa Clara Union High School and Elementary District in 1956. He retired in 1960.

Buchser Junior High School opened in September of 1981 with nearly 1900 seventh, eighth and ninth graders. Until then there had been four high schools in Santa Clara - Wilcox, Santa Clara, Buchser, and Peterson High Schools. Because of declining enrollment, two high schools were closed in 1981. Buchser High School was renamed Santa Clara High School. Santa Clara High became Buchser Junior High. In 1986 Buchser Junior High was renamed Buchser Middle School and became a traditional middle school with 6th, 7th, and 8th graders.

Mission Statement

Buchser Middle school is dedicated to creating contributing citizens who are life-long learners.

Vision Statement

At Buchser Middle School, we strive to develop the Whole Child. We seek for students to be:

- Safe
- Healthy
- Engaged
- Challenged
- Supported

Over the past 4 years, Buchser has focused on highlighting our efforts as a Whole Child school. This has allowed the school to hone in on the variety of students' needs, including social-emotional health, trauma informed teachers and teaching practices. We are finding that the Whole Child lens helps us to address each child as individuals. Does the student need social/emotional support? Is there a safety concern, especially regarding bullying, stress, or anxiety? Does the child need to be more challenged? More supported? How can we best engage all students, but most importantly, how do we engage students who might feel marginalized, especially our student of color, SPED students, or other abled? With the pillars of safe, healthy, engaged, challenged, and supported as our drivers of the Whole Child vision we have been more able to "see" all students and ask questions that are most germane to meet their learning needs.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

General

Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Maintenance and Repair

SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at www.santaclarausd.org/BoardPolicies. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance

SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Modernization Projects

SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of three new schools, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. More: www.santaclarausd.org/bond

Age of School Buildings

Buchser was the site of one of the first high schools in California - Santa Clara Grammar and High School - which opened in 1905. As a former high school campus, we have large, extensive and well-developed school facilities. Each classroom is equipped with direct Internet access through at least two student computer stations and one teacher workstation. We have two computer labs for students for additional computer access in our multimedia center. Buchser has large, well-equipped science facility, a technology lab, a culinary arts classroom, two gymnasiums and extensive athletic fields. Modernization began in 2011; The administrative office, Library and the B wing have been modernized. We are in phase three of this three and a half year project. In June of 2014 the existing A wing, cafeteria and multi-purpose room were razed and construction completed in 2016. The most recent modernization project is the tennis and basketball courts, with the addition of an additional staff parking lot. The project is complete.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: June 2020

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	39	N/A	52	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

The PTA and School Site Council are integral parts of the Buchser School community. Communication between these groups and the school is excellent. Parents are encouraged to attend orientation programs, open houses, award programs, and other school activities. In addition, teachers are available for conferences. Parent volunteering and participation have played major roles in developing Buchser's positive school climate. Parents assist in classrooms with small group instruction. They help in the library and school activities. Buchser's Parent Music Boosters support the school music program, raising funds for music tutors and music field trips.

Buchser created a formal School Compact and a Parent Involvement Policy in 2013. Moving forward into next 21-22, the school will need to review the School Compact and the Parent Involvement policy.

A School Plan for Student Achievement is developed yearly at Buchser Middle School to provide focus and direction for staff. The SPSA has been evaluated each spring by School Site Council to determine its effectiveness and to indicate a new focus for the following year. SSC will evaluate the implementation of the SPSA according to the timeline set by the district. Buchser continues to work to streamline the SPSA, and by the end of 20-21 school year, each goal will be formatted into a more useable form for teachers.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	8.7	10.5	2.9	3.4	3.5	3.5
Expulsions	0.2	0.1	0.1	0.1	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.0	0.0	N/A
Expulsions	0.1	0.0	N/A

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2020.

Staff development activities and expenditures are tied to district and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's School Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

There are three days dedicated to districtwide professional development in the 2020-2021 school year. There were four days of professional development in the 2019-2020 school year, and five days in the 2018-2019 school year. In addition, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.
