School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Scott Lane Elementary School's mission is to ensure the success of every scholar.

Scott Lane Elementary School has served its community since 1953 and was built to provide school services to new families who moved to the Santa Clara Valley soon after World War II. Many new housing tracts were being built at that time, and the school was located in the center of these homes and close to the Santa Clara City Hall.

Scott Lane School is one of seventeen elementary schools in the Santa Clara Unified School District, serving 491 students. The children and families at Scott Lane School speak over 15 languages. 75% are English Learners. At Scott Lane, 88% of the students participate in the Free/Reduced Lunch program. The student mobility rate is over 25%. Most of the students come from single-parent families or families where both parents work. The community is socially, ethnically, and racially diverse.

Scott Lane has been able to combine the efforts and talents of the students, staff, parents, and the community to produce an exemplary model of education. In the fall of 2020, Scott Lane launched the district's first Spanish Dual Language Immersion Program, a different and more enriching model of educating students in two languages, to give students districtwide an opportunity to become bilingual and bi-literate, starting in elementary school.

Dual language immersion programs include native English-speaking students and native speakers of a foreign language. The goals of dual language immersion programs are to develop bilingualism/biliteracy, academic achievement, and cross-cultural competencies for all students.

All teachers at Scott Lane are highly trained in best practices. One effective practice involves a collection of highly effective instructional strategies. Sobrato Early Academic Language (SEAL) is a comprehensive and intensive educational model, with emphasis on enriched language and literacy education designed for English Language Learners, starting in preschool and continuing through fifth grade.

Scott Lane staff are dedicated to ensuring that all students learn. Towards this effort staff are engaged in collaborating around student work in order to identify effective strategies and to plan their re-teaching. There is an intervention model in place that offers all students small group, targeted instruction.

Scott Lane also has a 40% PIP counselor. There is one full-time secretary and clerk. A day and night time custodian support Scott Lane School. Instructional assistants provide academic and language support for both students and parents. The classified staff are trained in instructional literacy techniques and GLAD/SDAIE techniques as well as new methods for working with the Special Education population. Scott Lane students will be successful readers, writers, listeners, speakers, thinkers, and communicators. They will be individuals who are respectful, make good decisions, and solve problems. Scott Lane students will be productive, resilient, and responsible citizens who demonstrate an appreciation for their diverse community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

General Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Maintenance and Repair SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Cleaning Process and Schedule The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at www.santaclarausd.org/BoardPolicies. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. Deferred Maintenance SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Modernization Projects SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of three new schools, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. More: www.santaclarausd.org/bond Age of School Buildings

The main campus of Scott Lane School was built in 1959. Additions were made in 1998 and portables added in 1997 for class size reduction. This school has 28 classrooms, a multipurpose room, a library/media center and an administration building. Scott Lane has recently received updated play and shade structures, and fencing around the school to ensure student and staff safety.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Scott Lane Elementary School has a supportive parent community. We extend an invitation to all parents to become involved in activities and school affairs through our Parent Teacher Association (PTA), School Site Council (SSC) and English Learner Advisory Committee (ELAC). We also encourage parents to support classroom teachers in a variety of ways. Scott Lane is always working to increase parental involvement.

Scott Lane began a partnership with SEAL (Sobrato Early Academic Literacy), and a major component of SEAL is the Parent Involvement. Scott Lane families are invited and encouraged to participate in the following ways:

1. Attend end-of-unit celebrations in their child's classroom. During these celebrations, scholars teach their families about the content that they learned about, share the realia created during the unit (scholar work, lesson posters, songs or chants, etc.)
2. Attend parent workshops that focus on ways that families can support their children at home.
3. Complete projects (that pertains to the content being learned) with their children at home

Scott Lane has added adult English Language classes (partnership with SCUSD Adult Ed.) and family engagement classes (partnership with Foothill College). Families have also been invited to be active participants in District LCAP and Strategic Planning.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	0.9	1.7	2.9	3.4	3.5	3.5
Expulsions	0.0	0.0	0.1	0.1	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.0	0.0	N/A
Expulsions	0.0	0.0	N/A

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2020.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	5	4	3

Staff development activities and expenditures are tied to district and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's School Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

There are three days dedicated to districtwide professional development in the 2020-2021 school year. There were four days of professional development in the 2019-2020 school year, and five days in the 2018-2019 school year. In addition, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.
