School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Washington Open, located across from Santa Clara University and next to Buchser Middle School, has a student body of socio-economic and academically diverse students. Our school is unique as we draw from the entire school district for our attendance. Parents apply to attend our school through a district enrollment process called Open Enrollment. This process awards the parents a number based on a lottery. We are often able to fill most of the requests through the district enrollment process, however, we do have a waiting list in the primary grades. Parents agree to work in the classroom four hours a week.

Vision:

Opening Hearts and Minds Every Day!

Mission:

Washington Open is a parent-participation school that nurtures the whole child, offering a collaborative community which allows for a rich variety of hands-on, real-world learning opportunities inside and outside of the classroom. We balance academic, social, physical, and emotional needs, while encouraging creativity, curiosity, and a life-long love of learning.

Just like our school, we depend on our families to add and enrich its meaning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School 2018-19	School 2019-20	School 2020-21	District 2020-21

School Facility Conditions and Planned Improvements

General

Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Maintenance and Repair

SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at www.santaclarausd.org/BoardPolicies. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance

SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Modernization Projects

SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of three new schools, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. More: www.santaclarausd.org/bond

Age of School Buildings

The main campus of Washington Open School was built in 1961. This school has 22 classrooms, a multipurpose room, a library and an administration building. Washington Open was renovated during the summer of 2002. The interior of every classroom was renewed with new heating and plumbing fixtures throughout. The grounds of the school's drop off zone was also refurbished. Two custodians (day and evening) provide daily support to help maintain and clean the school grounds. Solar panel towers were constructed and installed in the north parking lot. This energy saving device will help support the school's energy needs at a lower cost.

We are working with the City of Santa Clara and our maintenance department to re-engineer our drop off zone and install a street light to provide a safer environment for our students and parents.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: June 2020

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	Any necessary remediation was minor and addressed immediately or during routine maintenance over the summer 2020 break.
Interior: Interior Surfaces	Good	Any necessary remediation was minor and addressed immediately or during routine maintenance over the summer 2020 break.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	Any necessary remediation was minor and addressed immediately or during routine maintenance over the summer 2020 break.
Electrical: Electrical	Good	Any necessary remediation was minor and addressed immediately or during routine maintenance over the summer 2020 break.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	Any necessary remediation was minor and addressed immediately or during routine maintenance over the summer 2020 break.
Safety: Fire Safety, Hazardous Materials	Good	Any necessary remediation was minor and addressed immediately or during routine maintenance over the summer 2020 break.
Structural: Structural Damage, Roofs	Good	Any necessary remediation was minor and addressed immediately or during routine maintenance over the summer 2020 break.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	Any necessary remediation was minor and addressed immediately or during routine maintenance over the summer 2020 break.
Overall Rating	Exemplary	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	72	N/A	52	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Community forms the foundation. Parents, teachers, staff and students partner to create a collaborative, supportive, and vibrant learning environment. Older students become “buddies” to younger students. In the classroom, teachers are supported by parents in a variety of instructional approaches, including small-group centers, working one-on-one, and whole-class instruction, sharing expertise and talents. Students and families form strong bonds with teachers and staff. All adults and children are called by their first names, fostering a feeling of friendship and connection between all ages. In good times, we celebrate together, and in hard times, we work together for support.

Washington Open has a very active Parent Board which supports our school financially and academically. In addition to the Parent Board, Washington Open has a strong Computer Committee, Ceramics Committee, A large group of parents supporting our Project Cornerstone Asset Building Program, and a large parent group that supports our drama program. Many children participate in after school activities run by the school community.

The Parent Board at Washington Open is a strong vehicle for strengthening the vision and mission with the parent community. The Parent Board sponsors training for all new parents, tours for prospective parents, and oversees parent participation. This strong component of our school is what makes it possible for our parents to feel that their work with the children is a vital component to our success. The School Site Council meets monthly to review current issues at the school.

All parents attend training to work with students and to support the school and district philosophy for curriculum and classroom management strategies. This training allows parents and teachers to approach students utilizing the strategies which form the foundation for how we treat one another on our campus. This collaboration helps to bring our mission and beliefs alive. Parents participate in grade level training, which supports the small group teaching methods encouraged by our district. Parents attend class meetings, facilitated by the classroom teachers, where they learn more about how to support the classroom. This constant collaboration between our teachers and parents supports the mission of our school and allows for a strong program.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	0.0	0.3	2.9	3.4	3.5	3.5
Expulsions	0.0	0.0	0.1	0.1	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.0	0.0	N/A
Expulsions	0.0	0.0	N/A

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2020.

Types of Services Funded (Fiscal Year 2019-2020)

Funding decisions at Washington Open are reviewed by the Parent Board, School Site Council, Leadership Team and developed with staff input. The majority of our funding is distributed for classroom supplies, teacher release days for staff development, collaboration and/or the development of our School Plan Goals. The Parent Board raises funds each year to support: support staff, music, art, PE, field trips and classroom supplies.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	5	4	3

Staff development activities and expenditures are tied to district and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's School Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

There are three days dedicated to districtwide professional development in the 2020-2021 school year. There were four days of professional development in the 2019-2020 school year, and five days in the 2018-2019 school year. In addition, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.
