School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Pomeroy School, serving students in grades K-5, is located one block east of Lawrence Expressway between El Camino Real and Benton Avenue. It is a beautifully maintained 60 year-old campus with lush green lawns and many mature pine and elm trees. A large number of Pomeroy's students come from families with both parents working or from single-parent homes. To address the childcare needs of Pomeroy's working parents, an on-site before and after school Extended Day childcare program is available as well as the YMCA after school program. We also offer a regular pre-school program.

Pomeroy School is one of 17 elementary schools in the Santa Clara Unified School District. The diverse population of students, along with a staff of highly qualified teachers, creates an environment that is pleasant and rewarding for students and staff alike. All special education students are mainstreamed into the regular classroom and receive extra support from 2 full-time resource teachers. Students have access to both a Computer Lab and a library on a regular basis.

OUR MISSION IS TO MEET ALL STUDENTS WHERE THEY ARE AND INSPIRE THEM TO BECOME LIFELONG LEARNERS.

WE BELIEVE

- All students can learn
- The acquisition of life skills goes hand in hand with academic achievement
- The involvement of families and the community enriches the educational experience for students
- A professional community is committed to continuous learning

WE VALUE

- An enriched curriculum that respects the various learning styles of our students
- A safe nurturing environment that encourages students to take an active role in their own learning
- A community that respects and supports all families, cultures and beliefs
- A professional, supportive staff that collaborates and takes responsibility for the academic and social growth of every student

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

General

Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Maintenance and Repair

SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at www.santaclarausd.org/BoardPolicies. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance

SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Modernization Projects

SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchase the Agnews campus, and expand overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expand overcrowded schools, and address critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms.

Age of School Buildings

The main campus of Pomeroy School was built in 1952 and 1963. Portables were added in 1997 for class size reduction. This school has 32 classrooms, a multipurpose room, a library and an administration building. In October 2012 the Kindergarten play structure was relocated to the Kindergarten playground area.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	46	44	56	58	48	48
Mathematics (grades 3-8 and 11)	39	39	49	49	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	220	216	98.18	43.98
Male	105	103	98.1	35.92
Female	115	113	98.26	51.33
Black or African American	--	--	--	--
American Indian or Alaska Native	--	--	--	--
Asian	36	34	94.44	70.59

English Learners	98	95	96.94	43.16
Students with Disabilities	34	34	100	8.82
Students Receiving Migrant Education Services	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	69	55	66	65	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	18.4	34.2	13.2

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Pomeroy is proud to have a strong and active PTA that sponsors numerous functions, events, and fundraisers for the school. Every Pomeroy parent can support their children's schooling and there are many different ways parents can get involve: by attending school functions and responding to school obligations (parent-teacher conferences, for example); they can become more involved in helping their children improve their schoolwork--providing encouragement, arranging for appropriate study time and space, modeling desired behavior (such as reading for pleasure), monitoring homework, and actively tutoring their children at home.

Outside the home, parents can serve as advocates for the school. They can volunteer to help out with school activities or work in the classroom. Or they can take an active role in the governance and decision making necessary for planning, developing, and providing an education for the community's children.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17
Suspensions	0.9	0.0	0.0	4.3	4.0	4.1	3.8	3.7	3.6
Expulsions	0.0	0.0	0.0	0.2	0.1	0.2	0.1	0.1	0.1

School Safety Plan (School Year 2017-18)

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2017.

Professional Development (Most Recent Three Years)

Staff development activities and expenditures are tied to District and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's Single Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

There are eight days dedicated to professional development in the 2017-2018 school year. There were eight days of professional development in the 2016-2017 school year. In addition, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.
