

Santa Clara Unified School District
Section 504 of the Rehabilitation Act of 1973
Notice of Parent/Guardian Rights and Procedural Safeguards

This is a notice of your rights under Section 504 of the Rehabilitation Act of 1973 ("Section 504") with respect to actions regarding the identification, evaluation or educational placement for students who, because of a disability, need or are believed to need special instruction or related services.

PURPOSE

It is the intent of the Santa Clara Unified School District ("District") to locate, identify, evaluate and provide a free appropriate public education ("FAPE") under Section 504 of the Rehabilitation Act of 1973 ("Section 504") to each student with a disability within its jurisdiction regardless of the nature or severity of the disability. Further, the District will provide regular or special education and related aids and services that are designed to meet the needs of each disabled students as adequately as the needs of non-disabled students. In addition to providing a FAPE to students with disabilities under Section 504, the District will not discriminate against students with a physical or mental impairment which substantially limits one or more major life activities, have a record of such an impairment, or those being regarded as having an impairment. Protections for these students are provided for elsewhere under District Board Policies and Regulations, state and federal law.

Students who, because of a Section 504 disability, need or are believed to need general or special education and services are addressed in this policy.

Students who are identified as eligible for special education and related services under the criteria set forth in the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") are not addressed under this policy, as the needs of such students are provided for elsewhere under District Board Policies and Regulations, state and federal law, and Special Education Local Plan Area ("SELPA") procedures.

DEFINITIONS AND ELIGIBILITY

1. A student with a disability is one who:
 - a. Has a physical or mental impairment that substantially limits one or more major life activities, including learning;
 - b. Has a record of such an impairment; or
 - c. Is regarded as having such an impairment.

However, only students qualifying under subdivision (a) (i.e., those with an actual physical or mental impairment that substantially limits one or more major life activities) are entitled to a FAPE and a Section 504 Service Plan under Section 504.

2. A physical or mental impairment means: any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genito-urinary; hemic and lymphatic; skin; and endocrine; or any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional, and specific learning disabilities. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active. The law does not limit eligibility to specific diseases or categories of medical conditions.
3. The term substantially limits shall be interpreted consistently with the findings and purpose of the Amendments to the Americans with Disabilities Act ("ADA") that went into effect on January 1, 2009. An impairment that substantially limits one major life activity need not limit other major life activities in order to be considered a disability. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

Whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures such as: medication, medical supplies, equipment, or appliances, low-vision devices (which do not include ordinary eyeglasses or contact lenses), prosthetics including limbs and devices, hearing aids and cochlear implants or other implantable hearing devices, mobility devices, or oxygen therapy equipment and supplies; use of assistive technology; reasonable accommodations or auxiliary aids or services; or earned behavioral or adaptive neurological modifications. Thus, the ameliorative effects of the mitigating measures of ordinary eyeglasses or contact lenses shall be considered in determining whether an impairment substantially limits a major life activity.

4. Major life activities include, but are not limited to, caring for one's self, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Learning, reading, concentration, thinking, and communication are typically, but not always, the major life activities utilized to determine Section 504 eligibility in the schools.

LOCATION AND NOTIFICATION PROCEDURES

1. The District shall annually undertake reasonable measures to locate and identify every qualified disabled student residing within the District's jurisdiction who is not receiving a public education, and to notify those students and their parent/guardian of the right to a FAPE under Section 504.
2. Location and notification procedures may include the District's annual notice, personal contacts, posting of notices, newspaper advertisements, press releases, and communications with public and private community agencies.

3. When a student is identified, he or she should be referred to the school's Section 504 Site Chairperson, following the procedures set forth below.

IDENTIFICATION AND REFERRAL PROCEDURES

1. A parent/guardian, teacher, other school employee, student success team, or community agency may refer a student to the principal or 504 Coordinator for identification as a student with a disability under Section 504.
2. Upon receipt of any such referral, the principal, 504 Coordinator, or other qualified individual with expertise in the area of the student's suspected disability shall consider the referral and determine whether an evaluation is appropriate. This determination shall be based on a review of the student's school records, including those in academic and nonacademic areas of the school program; consultation with the student's teacher(s), other professionals, and the parent/guardian, as appropriate; and analysis of the student's needs.
3. If it is determined that an evaluation is unnecessary, the principal or 504 Coordinator shall inform the parents/guardians in writing of this decision and of the procedural safeguards available, as described in the "Procedural Safeguards" section below.
4. If it is determined that the student needs or is believed to need special education or related services under Section 504, the district shall conduct an evaluation of the student prior to his/her initial placement.

EVALUATION, ELIGIBILITY AND PLACEMENT DETERMINATIONS

1. The evaluation of students suspected of having a disability under Section 504 will be carried out by qualified evaluators selected by the District.
2. When selecting tests and other evaluation materials, the District will ensure that they are: validated for the specific purpose for which they are used; administered by trained personnel in conformance with the instructions provided by their producer; tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and administered so as best to ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).
3. The District may administer and use formal and informal measures as deemed necessary. If the team is going to conduct formal assessment and/or observations in order to determine eligibility, then the team must obtain informed and written consent from the parent/guardian before the student is evaluated.
4. Additionally, if the student's Section 504 Service Plan team determines that a medical examination is necessary for a Section 504 determination, the District is responsible for the costs of the examination.

5. Once the evaluations are completed, the District will schedule a Section 504 meeting to consider the results of the evaluations; and, the student's Section 504 Service Plan team will determine whether the student is eligible under Section 504 by deciding whether the student has a physical or mental impairment that substantially limits one or more major life activities. A Section 504 Service Plan team meeting shall be convened within a reasonable time period of receiving the parent/guardian's consent to assess.
6. The Section 504 Service Plan team is made up of a group of individuals, including persons knowledgeable about the student, the meaning of the evaluation data being considered, and placement options. The team will generally include student's parent/guardian and at least one of the student's general education teachers; and, may include: other teachers, individuals who can interpret the instructional implications of the assessment results, SST members, counselors, related service providers, the student, other school staff and administrators, and individuals who have knowledge or special expertise regarding the student. The determination of whether an individual has knowledge or special expertise regarding the pupil shall be made by the party who invites the individual to be a member of the Section 504 Service Plan team.
7. The Section 504 Service Plan team, in deciding whether a student is eligible for a Section 504 Service Plan, will collect and carefully interpret evaluation data and in a making placement decision, the team will draw upon information from a variety of sources, including, but not limited to, observations, testing, reports, District evaluations, medical records, letters from doctors, health care plans, school records, school administration, school counselors, teachers and paraprofessionals that work with the student, the parent/guardian, and when appropriate, the student.
8. No final determination of whether the student will or will not be identified as a disabled student within the meaning of Section 504 will be made without first inviting the parent/guardian of the student to participate in a Section 504 Service Plan team meeting concerning such determination. The parent/guardian will receive reasonable notice of all Section 504 Service Plan team meetings.
9. If the Section 504 Service Plan team finds the student ineligible under Section 504, this decision shall be documented in writing, at which time the parent/guardian shall be notified of his/her parent/guardian rights and procedural safeguards under Section 504, including the right to an impartial hearing.
10. For students who are determined, through the evaluation process, to be eligible under Section 504, the Section 504 Service Plan team shall develop a Section 504 Service Plan.
11. The Section 504 Service Plan will describe the student's disability; regular or special education; related aids and services; and, accommodations and/or modifications that are needed in order to provide the student with a FAPE, and how the placement, services, and accommodations and/or modifications will be provided to the student and by whom.

12. A copy of the plan shall be maintained in the student's cumulative file and in the District's Section 504 file. All school staff who work with the student shall be informed of the elements of the student's Section 504 Service Plan.
13. The parent/guardian must consent to the student's Section 504 Service Plan prior to the implementation of the plan; however, they do not need to consent to future changes in services in order for those changes to take place. Students who are eligible under Section 504 do not have a right to stay put in cases when a dispute arises.
14. A student with a disability shall be placed in a regular education environment of the District, unless the Section 504 Service Plan team determines that his/her education in such a placement cannot be achieved satisfactorily with the use of supplementary aides and services. The student with a disability shall be educated with non-disabled students to the maximum extent appropriate.
15. The parent/guardian shall be notified in writing of the final decision concerning the placement, services, and accommodations and/or modifications to be provided, if any, and of his/her parent/guardian rights and procedural safeguards pursuant to Section 504, including the right to an impartial hearing.

REVIEW OF STUDENT PROGRESS

1. The Section 504 Service Plan team will meet annually to review the progress of students with disabilities and the effectiveness of the student's Section 504 Service Plan to determine whether services are appropriate, and that the needs of students with disabilities are being met as adequately as the needs of nondisabled students.
2. Should a parent/guardian request a Section 504 meeting, the District will convene one within a reasonable time period of the receipt of the request.
3. Prior to any subsequent significant change in placement, a reevaluation of the student's needs will be conducted. The parent/guardian will receive reasonable prior written notice of any meeting convened to propose a significant change in placement.
4. The Section 504 Service Plan team may also determine that the student no longer has a mental or physical impairment that substantially limits a major life activity. If the Section 504 Service Plan team so determines, the record of the Section 504 Service Plan team meeting will state the basis for the team's decision.

DISCIPLINE

In disciplinary situations, students who have a Section 504 Service Plan may be suspended or placed in an alternative interim setting to the same extent these options would be used for children without disabilities. School personnel may also consider any unique circumstances on a case-by-case basis when determining whether a change in placement (in this context a disciplinary removal) is appropriate for a child with a disability who violates a code of student conduct. This change of placement may be to an appropriate interim alternative education setting, another

setting, or suspension for not more than ten (10) consecutive school days. Additionally, removals of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct may be made.

After a child with a disability has been removed from his or her current placement for ten (10) school days in the same school year, during any subsequent days of removal, child is entitled to a manifestation determination meeting within ten (10) school days of the District's decision to change the student's placement. The child's parent/guardian must be invited to participate as a member of this manifestation determination meeting. At this meeting, the team will determine (based upon a review of all relevant information in the student's cumulative and Section 504 Service Plan files, the Student's Section 504 Service Plan, any teacher observations, and any relevant information provided by the parent/guardian) whether the student's alleged behavior was a manifestation of his/her disability by answering the inquiry required by the IDEA. Currently, the questions are;

- Whether the conduct in question was caused by, or had a direct and substantial relationship to the student's disability; or,
- Whether the conduct in question was the direct result of District's failure to implement the student's current Section 504 Service Plan.

If the team answers yes to either question, the alleged misconduct shall be determined to be a manifestation of the student's disability. However, if the team answers no to both questions, the alleged misconduct shall be determined not to be a manifestation of the student's disability and the District may take disciplinary action against the student, such as expulsion, in the same manner as it would with a child without disabilities. If the student's behavior is determined to be a manifestation of his or her disability, the District must conduct a functional behavior assessment, and implement a behavioral support plan for the student. In this situation, if a behavioral support plan has already been developed, the District will review the plan and modify it as necessary to address the behavior in question. However, regardless of whether a student's behavior was a manifestation of the student's disability, the District may determine, following assessment, that a change of placement is appropriate for the student. The District may proceed with this change of placement following notice to the parents; consent is not required for a change of placement pursuant to Section 504.

PROCEDURAL SAFEGUARDS

The Superintendent or designee shall notify the parents/guardians of students with disabilities of all actions and decisions by the district regarding the identification, evaluation, or educational placement of their children. He/she also shall notify the parents/guardians of all the procedural safeguards available to them if they disagree with the district's action or decision, including an opportunity to examine all relevant records and an impartial hearing in which they shall have the right to participate.

If a parent/guardian disagrees with any district action or decision regarding the identification, evaluation, or educational placement of his/her child under Section 504, he/she may request a Section 504 due process hearing within 30 days of that action or decision.

Prior to requesting a Section 504 due process hearing, the parent/guardian may, at his/her discretion, but within 30 days of the district's action or decision, request an administrative review of the action or decision. The Coordinator shall designate an appropriate administrator to meet with the parent/guardian to attempt to resolve the issue and the administrative review shall be held within 14 days of receiving the parent/guardian's request.

If the parent/guardian is not satisfied with the resolution of the issue, he/she may request a Section 504 due process hearing.

Section 504 due process hearing shall be conducted in accordance with the following procedures:

1. The parent/guardian shall submit a written request to the Coordinator within 30 days of receiving the district's decision or, if an administrative review is held, within 14 days of the completion of the review. The request for the due process hearing shall include:
 - a. The specific nature of the decision with which he/she disagrees
 - b. The specific relief he/she seeks
 - c. Any other information he/she believes is pertinent to resolving the disagreement
2. Within 30 days of receiving the parent/guardian's request, the Superintendent or designee and 504 Coordinator shall select an impartial hearing officer. This 30-day deadline may be extended for good cause or by mutual agreement of the parties.
3. Within 45 days of the selection of the hearing officer, the Section 504 due process hearing shall be conducted and a written decision mailed to all parties. This 45-day deadline may be extended for good cause or by mutual agreement of the parties.
4. The parties to the hearing shall be afforded the right to:
 - a. Be accompanied and advised by counsel and by individuals with special knowledge or training related to the problems of students with disabilities under Section 504.
 - b. Present written and oral evidence
 - c. Question and cross-examine witnesses
 - d. Receive written findings by the hearing officer stating the decision and explaining the reasons for the decision

If desired, either party may seek a review of the hearing officer's decision by a federal court of competent jurisdiction.

The Superintendent or designee shall ensure that the district has taken appropriate steps to notify students and parents/guardians of the district's duty under Section 504.

District Section 504 Administrator for Santa Clara Unified School District

Lissette Moore-Guerra – Coordinator of Health & Wellness
504 District Administrator Santa Clara Unified School District
1889 Lawrence Rd. Santa Clara, CA 95051 Ph: 408-423-2115
